[Capt.] J. Martins answer to ye. order in getting his ship in readss. [deli]ver'd in.

Capt. John Martin Commr. of Ship Queen delivers in an answer to our order of last Consultation for him to get ship in a readyness to sail for Europe, and ye. same is entred after this Consultation.

[Capt.] Martins answer being read [seve]rall Paragraphs of ye. Honble. [Compas.] Genlls. were read & maturely [consider'd] yt. his Ship could [lose] her passge. round ye. Cape.

After reading Capt. Martins answer, the 15th. Paragraph of the Honble. Court of Directors letter to us dated the 15th. Febry. 1715, the 13th. paragraph of their letter dated the 25th. Janry 1716, and the 13th. paragraph of their letter dated the 30th. of Octor. 1717, were severally read, compared together & maturely considered, and upon the whole we concluded that it was the opinion of the Honble. Court of Directors we should not dispatch a ship after the beginning of March for Europe, and whereas it appears by Capt. John Martins answer to our order that he cannot propose to sail before the latter end of March, that his men are Sickly, & that they must Expect to pass the Cape in the very worst season of the year. We think that if she be dispatch'd at that time she will run the risque not only of losing her passage but also of being lost together wth. her Cargo. It is therefore

Agreed Ship Queen be not [dispatch'd to] England before ye. month of July. Ship Queen prepare to proceed to Fort St. David for Bales.

AGREED, that thô we have more than a sufficient Quantity of bales here and at Fort St. David, she be not dispatch'd for England before the month of July next, but that she be got in a readyness to proceed to Fort St. David to bring up the Honble. With y^{e}. same came their Old & New Merch^{ts}. Acco^{ts}. for January, and a Correct list of Goods & their severall sortments remaining in their Godowns, at the Beaters, Washers &c^{t}. The said Letter advises that on rec^{t}. of our Letter, wherein we caution'd them against lowering the rent of their Arrack farm (before let for Pag^{s}. 1450 ℔ Anñ. w^{ch}. lease is now Expired) they put up the s^{d}. farm at publick outcry, & could raise it no higher than Eleven hundred Pagodas ℔ Annum, for w^{ch}. reason it still remains in their hands till further order. Fort St. David Gen^{ll}. Letter dated y^{e}. 27th. Ult^{o}. read. Arrack Farm F. St. Davids put up at Outcry.

This Affair of the Arrack farm being taken into consideration & the Dep^{ty}. Gov^{r}. and Councills reason in behalf of the renters was Judged [substantiall] Viz^{t}. that they who in time of plenty, could afford to drink Arrack, can hardly by reason of the present famine, preserve their familys from Starving, and therefore as the Vent for that Commodity is thereby very much lessened, the advantage of the Farm must be proportionably abated; However since our Hon^{ble}. Masters are ever unwilling to have their revenues lessen'd, We can by no means consent to the letting out the aforesaid Farm for less than it was rented before, choosing rather to increase the term of Years in the Cowle, that in case the Renters should be sufferers by the Scarcity of this year, they may repair their loss in future when plenty may be Expected ; It is therefore, D. Gov^{rs}. & Council^{ls}. of F. S^{t}. Davids reasons in behalf of the renters of y^{r}. [Arrack] farm judged substantiall. The declension of y^{e}. Arrack farm attributed to y^{e}. Famine.

AGREED that the Deputy Gov^{r}. and Council of Fort S^{t}. J. Collet Esq^r. Mintmast^r. his Acco^t. for last m^o. read.

The President acquaints the Board that he has received a Protest from the Dutch Cheif at Barroose, against the Captain and Supra Cargo of our ship Marlbrô for trading in those parts, a translate whereof being produced before the Board was read, & Ordered to be entred after this Consultation that our Hon^ble. Masters may become acquainted w^th. the affair, and give us orders concerning it for our future guidance therein, it appearing to us that the Dutch have no pretence of right to Dominion, or an exclusive trade in those parts, the Inhabitants declaring themselves to be subjects to the King of Acheen. The Presid^t. acquaints y^e. Board he has rec'd a Protest from y^e. Dutch Cheif at Barroose, ag^st. y^e. Capt. & Super Cargo of our ship Marlbrô.

The President informs the Board that Muttamar Chittee brother of Colloway Chittee dec^d. formerly one of the Comp^as. Merchants with his sons now in possession of the said Colloway Chittees Estate, one of them having been adopted by Catchall Chittee, Colloway Chittees only son lately dec^d. also had to him made a tender of their service to the Hon^ble. Company as Merchants to provide the whole or a part of the Goods to be contracted for; He further told them that the said Muttamar Chittee with his sons continued in the City of Madrass at the time that the rest of y^e. Chittees deserted, and went to S^t. Thoma in the month of Jañry 1716/17, He farther informed the Board That Suncah Ramah had informed him, that the two New Merchants Gongaram and Buddriah, who were taken in on the desertion of the Chittees had not performed the parts expected from them; That Gongaram had indeed paid in a fourth part of the Originall Stock, but had not contributed any thing to the increase of that Stock, thô they had been obliged to inlarge above One Hundred thousand Pagodas, the Comp^a. being so much indebted to them on Bond, and that Buddriah had paid into the Capitall Stock but half of his proportion, and also never contributed anything to y^e. Augmentation, whereas the main end of admitting those two persons to a share in the Investment was that being rich men, they might contribute to the inlarging of the Stock, when the Comp^a. Affairs should require credit from them, The President therefore proposed two things to the consideration of the Board. The Presid^t. acquaints the board w^th. Muttamar Chittee &c^ts. tend^g. their Service to the Comp^a. as Merch^ts. He adds that Gong'ram & Buddriah two of the Ꝑsent Merch^ts. have not Ꝑformed the parts expected from them.

FIRST, Whether Gongaram & Buddriah should continue in the Companys Service, not having answered the ends for w^ch. they were admitted. The Presid^t. proposes to y^e. board whether they shall continue in the C. Service for that reason.

SECONDLY, Whether Muttamar Chittees proposal of serving y^e. Company shall be Accepted. and whether Muttam^rs. proposal shall be accepted.

In order to the first Suncah Ramah & Ball Chittee w^th. Gongaram & Buddriah were call'd in; Suncah Ramah declared to the Board the Substance of what was before said concerning Gongaram & Buddriahs management, the truth of w^ch. was acknowledg'd by them both, so that it appeared that the whole addition to their Capitall Stock for y^e. Companys service had been advanc'd by Suncah Ramah; It was therefore unanimously AGREED that Gongaram and Buddriah, not having answered the design of their admission into y^e. Hon^ble. Companys service, be now dismissed. In ord^r. to it, Suncah R. being calld in makes a declaration of their Incapacity before the Board Whereupon They were dismiss'd.

The Second Proposition was then debated, Whether Muttamarr Chittee w^th. his sons should be admitted as Companys Merchants, & have a Share in the Contract now to be made w^ch. was unanimously AGREED to for the following reasons. Muttamarr's proposal debated. Agreed to be accepted for the follow^g. Reasons.

FIRST, That they had Show'd their fidelity to the Government by their continuance in the City, and putting themselves under our protection, when almost the whole body deserted. 1^st. Because Muttam^r. &c^t. had cont^d. here when the rest of the Chittees deserted.

— *FORT ST. GEORGE, MARCH 1718-19* —

2d. Because of their large Estate whereby they will be able to do the Compa. Service by loan of mony, or otherwise.

SECONDLY, That having a large Estate, they are capable of Assisting the Honble. Company, on any emergency, by giving credit, or advancing mony.

3dly. Because the Chittees, who have been for some time mortify'd will be thereby reviv'd again.

THIRDLY, That it will be giving some Countenance to the whole Chittee Cast, who have been during the two past Years, sufficiently mortifyed for their Desertion, and as they have of late behav'd themselves very well, It seems very reasonable to give them some Encouragement.

A Debate arises, whether the Contract shall be separate or united, and the former agreed on for ye. follows. Reasons.

It was then proposed to consideration whether ye. Chittees should be United with the Banians as formerly, or whether the Contract should be divided for one half with the Banians, and the other half wth. ye. Chittees, which being fully debated was determined, that two Separate Contracts should be made for ye. following reasons.

1st. Because the Chittees still resent the advantages gain'd over ym. by ye. Banians in yt. dispute, & therefore decline a union.

FIRST, that the Chittees still resent the advantages gained over them by the Banians, in the dispute wch. occasion'd their desertion and therefore decline any Union with them.

2dly. because a Separate Contract will stir up an Emulation between the two Setts.

SECONDLY, That we think it reasonable to expect an emulation between the two sets of Merchants, which shall bring in the best goods, besides, that they are likely to be kept in better subjection, whilst divided, than when United.

Gongaram & Budria call'd in & acquainted wth. their dismission. Suncah R. & Ball Chittee calld in & a proposal for a Separate Contract made to them for ½ ye. Investmt. They request ye. board that Some Goods wch. they have already put into ye. weavrs. hands, & others at F. St. D. lodg'd there in the time of the Troubles may be taken in.

The severall RESOLUTIONS beforemention'd being taken Gongaram, and Buddriah were call'd in & acquainted with their being dismissed the Comps. service; Suncah Ramah & Ball Chittee were also call'd in, and the proposal made to them of a Separate contract for half the Investment, wch. they accepted and then informed the Board, that they had some Goods now coming from their Weavers, and others in their looms, besides some in their Godowns, of which no account had been yet giv'n, which they desired might be taken in on account of the old Contract; We then demanded the number of bales, and sortments; They answered, that there were as many bales of forty & fifty coved beteelaes as would make up what had been already delivered and accounted for about Seventy bales, & that there were about two hundred bales of ordinary longeloth (most of the Worriapollam sort) now lying at Fort St. David, which had been carried there by our order at the time we apprehended a rupture with the Country Government, and thought there might be danger in bringing them directly into our bounds by land.

Their requests comply'd wth.

It appeared reasonable to comply with their request, the number of Beteelaes not exceeding the quantity now ordered to be provided, & the Longcloth being always acceptable; We therefore permitted those Goods to be brought in according to their request, but let them know, We should not demand any Beteela's in the New Contract, so that they might put a stop to their looms.

— *FORT ST. GEORGE, MARCH 1718-19* —

Muttamar Chittee, and his son Vincatty Chittee were call'd in, and acquainted that the Board accepted their offer of Serving y^e^. Hon^ble^. Company as Merchants, and that We were ready to Contract with them for one half of the Investment to be made this year in a Separate Contract, which they accepted.

Muttam^r^. Chitty &c^t^. calld in, & acquainted w^th^. their adm̃. into y^e^. C. Service, & our pro. to contract w^th^. them for half our Investment.

A farther proceedure on this affair was deferred till y^e^. Next Consultation, when the Warehousekeeper was ORDERED to produce two separate Lists, or Contracts for the ensuing Investment so sorted as to make up with the Goods now remaining in the Warehouse here, & at Fort S^t^. David the full quantity, and the proportions ORDERED by our Honourable Masters to be invested this year.

A farther proceedure on y^s^. affair was then deferred till the next Cons. & in y^e^. Int^r^. two Separate Lists for Investm^t^. ord^d^. to be prepar'd by the Warehousek^r^. agreeable to the Comp^s^. last ord^s^.

A PROTEST in the Name of the GENERAL of the NETHERLAND EAST INDIA COMPANY exhibited by ANTHONY ROUW President at BARROOSE, and by his direction deliver'd to, & against CAP^T^. WASHINGTON Commander of the ship MARLBROUGH (belong^s^. to the ENGLISH) together with the Supra Cargo, & the rest of y^e^. Officers.

After it came to our knowledge that you the said Cap^t^. Washerton [*sic*] w^th^. Yo^r^. Supra Cargo, and yo^r^. Officers, had brought yo^r^. ship (call'd the Marlbrô) to an anchor under the Islands of Pull-doa, near that port where the Village Trowman is situate, & endeavour'd to corrupt its Inhabitants & others, by open Trafficque & Merchandize w^th^. them, as well as to Establish a settlement there, We found our selves under a Necessity of acquainting you that the Villages situate on the borders of the River Sincquool, particularly Trowman, & also the Islands of Pulodoa, as well as other ports and places upon the West Coast of Sumatra, belong to the Netherland East India Comp^a^. who are Masters of them, and allow none beside themselves to trade, or settle there, having gain'd them as well by force of Arms, as by Compact and by that force will maintain the same.

Having been obliged by our Solemn Oath, which we have taken to be true, & faithfull to our Employers the Netherland East India Company & to maintain their rights & priviledges to the utmost of our power, we charg'd [you on] your com^s^. to an anchor here, to weigh directly, and depart out of their Territorys, and this we did in their name, & w^th^. all mildness, but you slighted our Civility, thô we warn'd y^o^. of the dangerous consequences that might attend yo^r^. Stay.

WHEREFORE We now protest against you & every of y^o^. the aforesaid Cap^t^. & yo^r^. Officers for encroachment upon the Dominions of our Masters the Netherland East India Company, & for all damages that they may sustain thereby; And Furthermore We hope you will caution all other ships of your Nation against coming upon this Coast for the future, least we should be obliged to execute our Masters orders w^th^. the rigour which they have enjoy'nd us.

ANTHONY DE ROUW.

This Protest was (by order of the Presid^t^. at Barroose) by us deliv^d^. to the aforen^d^. Cap^t^. on board his ship at anchor at Pulodoa Sept^r^. 1718.

(according to order of last Consultation) were read to them; They answer'd that they were ready to undertake to provide the said Goods by that time: It was then proposed to them to make an abatement of the price giv'n on the same Goods the last year, to which they replyed that the Famine had so much impoverish'd the Country, and dispersed y^e. people that it would be more difficult to provide goods this year than it was y^e. last besides that Cotten is considerably dearer. Tuesday the 17th. 6 in y^{e}. Morning.

All the Members of the Board being Assembled at the Sorting Godown according to Agreement in yesterdays Consultation, they were met by the Sorters & Merchants; when the bales of the severall sorts of Goods sent up last from Fort S^{t}. David upon the Young Darby were Order'd to be opened, w^{ch}. being done accordingly, they were carefully Examin'd, & the following remarks made thereon.

The Board have. met at the Sorting Godown accords. to Agreemt. in last Consult^{n}. the F. St. D. bales are Open'd & animadversions made upon them.

The Ordinary Longcloth N^{o}. 1. 2. was found to be pretty well threaded but thin.

The Long cloth Midling was in Gen^{ll}. observ'd to be a good cloth, but might be mended being struck a little closer.

The Longcloth Fine N^{o}. 1. was good but unequally sorted, some very thin pieces being taken in.

The Long cloth Fine N^{o}. 2. was not so good in proportion, being uneven threaded.

— *FORT ST. GEORGE, MARCH 1718-19* —

The Carriwarr Cloth N°. 1. was very good.

The Carriwarr Cloth N°. 2. was in Gen^{ll}. very thin.

The Nagoor Cloth N°. 1. & 2. was very good, but the former unequally Sorted, one p^{s}. weighing two pounds & a half more than another, thô both were taken out of the same bale.

AGREED to give them that caution for the future, & particularly M^{r}. Berriman.

The Salempores Worriapollam ordinary of Fifteen Pag^{s}. ℔ Corge were found to be very bad, & worse than our ordinary Salempores N°. 2. of thirteen Pag^{s}. & a half ℔ Corge, for w^{ch}. reason Its AGREED that they be ORDER'D to provide no more of that cloth.

The Salempores Ordinary N°. 1. were pretty good, N°. 2. but indifferent, Midling the same; The Blew Cloth was good;

Cloth to much Congeed; Order'd for y^{e}. future to be abated.

Upon the whole this Generall remark was made; That the cloth was too much Congeed, & therefore ORDERED for the future to be Abated at least one half in that Article, being expressly forbid by our Hon^{ble}. Masters in their List for Investment, as very much depreciating the value of y^{e}. Goods.

— FORT ST. GEORGE MARCH 1718-19 —

Muttamar Chittee &c^{t}. Left hand Merchants being call'd in the question was put to them a second time, whether they could make an abatement of five ℔ Cent on the prizes of the Goods before giv'n, or not, But they again plead^{d}. the great scarcity and dearness of Grain, and the likelyhood of its continuance so, which makes it difficult to procure weavers in the Country, a great part of them being remov'd to other places wth. their Family's where Grain is cheaper, and also renders it hazardous to trust those that can be procured, wth. mony, because they are often times forced by extreme want to lay out a great part of it in rice to Subsist their familys wth. and by that means become incapable of making full satisfaction in Goods for the mony so advanc'd them. The Merchants also urged as an Argument against an abatem^{t}. in the prices of the Goods, the extravagant price of Cotton, w^{ch}. we were very well Satisfy'd of the truth of; These reasons made us determine to consent to their providing Seven Hundred bales of the severall Sortments of Goods, and their respective rates as Specify'd in the Contract, enter'd after this Consultation, which was interchangeably Sign'd.

Muttamar Chittee &c^{t}. Left Hand Merch^{ts}. a second time question'd whether they could make an abatem^{t}. of 5 ℔ Ct. on y^{e}. prizes of y^{r}. Goods. The reasons for y^{r}. non complyance is the scarcity of Grain w^{ch}. makes it difficult to procure Weavers. and likewise y^{e}. extravag^{t}. price of Cotton. These reasons we being convinc'd of y^{e}. truth of we determin'd to y^{r}. provide. Bales 700 of severll. sortmnts. of Goods at y^{r}. respective rates.

The President represents that the Portugueze preists of St. Thoma had very lately taken the liberty to marry some English people belonging to this City without leave, (wch. practise he apprehended to be of dangerous consequence, many of the Young Gentlemen in the Comps. Service, being of good Familys in England, who would be very much scandalized at such Marriages as were likely to be Contracted here witho[t]. the consent of the Presid[t].) particularly that one Crane late [Cheif] Mate of our ship Faulconbridge was married to a Frenchmans daughter of this place on Sunday last, and in order to it renounc'd the Protestant religion, wch. he had profess'd all his life till within a few days before, The other was one Dutton an ordinary Fellow, who was married a week before at St. Thomá to Ann Ridley, whose father was formerly Govr. of ye. West Coast; Her small Fortune being in ye. hands of ye. Church, The Minister as one of her Guardians refused his Consent, on wch. they went to St. Thomá, & found a preist to marry them there. The Presid[t]. adds that to Show his resentment of such a practise, he had order'd the Metto's, not to Suffer any of the Portugueze padrys belonging to St. Thomá, to come into the English bounds; He farther proposed to the board to consider of some proper orders to be giv'n for preventing the like practises for the future; After some Consideration, it was AGREED that an order be published in the English & Portugueze Languags. & put up in Writing at the SeaGate & at the Portugueze Church, That if any Christian Inhabitant of Madrass, shall be married in this City, at St. Thoma, or elsewhere witho[t]. leave from ye. We being appointed by this board, pursuant to an order of Council of ye. 16o. past to Survey Charles point, commonly [known by] the name of the Round Point, and do upon strict Examination [find] it to be in ye. condition as follows.

We observe it very much crack'd, and open in many places, from the Surface to the top of ye. Bastion; the rents being so very wide towards ye. bottom that rats & bandicoats harbour there, with severall cross rents in the middle of it, wch. makes it belly out, & much endangers the fall thereof, the reason of the complaint arising from the badness of the foundation, having been for these two years condemn'd as useless, the Guns being formerly planted upon it being taken away, except two, the firing of which might endanger the City, the Magazine being underneath, and not improbable but the next monsoon if it blows hard at East, may bring it down, the sea having a Communicat[ion] wth. the river in bad Weather; We think it impossible

— *FORT ST. GEORGE, APRIL 1719* —

to repair it; and to case it with another Wall, must digg ten foot for a foundation, which is five below the old foundation, & must endanger its fall. We humbly submitt our opinion to Your Hon^{rs}. &c^{t}. consideration & are

PRESID^{T}. & GOV^{R}. OF FORT S^{T}. GEO^{R}. &C^{T}. COUNCIL.

HON^{BLE}. S^{R}. &C^{T}.

The Hon^{ble}. President having been pleased to communicate to me a letter w^{ch}. he lately rec^{d}. from Cap^{t}. Alex^{r}. Hamilton, Comm^{r}. of ship Morning Starr, dat^{d}. at Siam barr y^{e}. 27th. of Dec^{r}. last, wherein he accuses me of being the author of what misfortunes he has met wth. from y^{e}. Siamers and seems to threaten taking satisfaction if he should happen to meet wth. me, I think my self oblig'd to say something in my vindication, and to guard against any damage his malice or madness may prompt him to offer to me or my Employers, in case I should happen to fall in his way.

The underwritten is an attested copy of your part of Cap^{t}. Hamiltons letter, w^{ch}. relates to my self, where he has taken a great deal of pains to make me appear guilty of breaking the Treaty of Commerce setled wth. Siam by Charles the Second, w^{ch}. is so far out of y^{e}. power of any private person whatever to do, that any one would run a very great risque of his life, that should even have y^{e}. Vanity to offer his advice only in any Governm^{t}. Affair to w^{ch}. I shall say no more than that I am persuad^{d}. when y^{r}. Hon^{r}. considers it could be no interest of mine to be instrumentall in making Cap^{t}. Hamilton pay the Customs they imposed upon him, you will be of opinion his accusation proceeds from his discontent in not meet^{g}. wth. a market for his goods, & the same treatment there as my self, which must be attributed to the King of Siams trading to Madrass, his fear of their making themselves satisfaction in case of ill treatment to their ships hinder'd them from imposing the same duty on the Brittannia last Voy^{a}. as they have now done to Cap^{t}. Hamilton.

I am now to take notice that he says in one of his paragraphs "for all w^{ch}. damages & losses, which have or may come on this part of my Voyage, if meet wth. Cap^{t}. Powney, I shall use my powerfullest Eloquence to persuade him to reimburse my Masters" by which no doubt he designs to seize the ship I go to Siam in. I should not venture to give the words such a Construction, had he not in publick Company declar'd the same, as I have under the hand of M^{r}. Joshua Collinson; For which reason, I do hereby protest against y^{e}. said Cap^{t}. Alex^{r}. Hamilton, declaring him accountable for any Damage my self, or the Own^{rs}. of the ship I go to Siam in may sustain by any unwarrantable action the said Cap^{t}. Alex^{r}. Hamilton may be guilty of, & humbly desire yo^{r}. Hon^{r}. &c^{t}. to permitt the Secretary to enter this letter, wth. the aforem^{d}. one from Cap^{t}. Hamilton, to be upon occasion produced hereafter. I am wth. y^{e}. greatest respect

JOHN POWNEY.

A COPY OF PART OF A LETTER FROM CAP^{T}. ALEX^{R}. HAMILTON COMM^{R}. OF SHIP MORNING STARR TO Y^{E}. HON^{BLE}. JOSEPH COLLET ESQ^{R}. DAT^{D}. AT SIAM BAR Y^{E}. 27TH. DEC^{R}. 1718.

Falling into an unprecedented Dilemma, or rather a Gulf of perplexity's by the means and contrivance of Cap^{t}. John Powney, and his Associates here in no less matter than the breach of y^{e}. Treaty of Commerce wth. Siam Setled by Charles the 2^{d}.

— *FORT ST. GEORGE, APRIL 1719* —

of happy memory, and the ruin of my Voyage, I think my self oblig'd to acquaint yo^{r}. Hon^{r}. of it, & wth. the new Stipulations he has setled here for his fellow Subjects.

Imprimis, That all shipping belonging to the Subjects of Great Brittain, excepting those employ'd by your Hon^{r}. or himself shall pay measurage for their ships or Vessels, according to Siam Conscience, for there's no setled rule, and all goods or merchandize imported here by the s^{d}. Subjects of Brittain, excepting from yo^{r}. Hon^{r}: or himself, shall pay eight ℔ Cent customs in specie, if they are landed, whether they can be sold or no, but if not landed to pay nothing, but the last part of this paragraph was conceded to by the King of Siam the 4th. of the last m^{o}. otherwise we must have paid for our whole Cargo according to the first projection by Powney &c^{t}.

Item, whoever buys our goods shall be oblig'd to pay the mony into the Kings Treasury, that he may deliver us goods out of his Royall Warehouse (when he has any) at his own Establish'd prizes, w^{ch}. at present are higher than Suratt.

And that all English shipping that comes here, excepting those of your Hon^{rs}. or his shall be oblig'd to stay one year for the disposing & receiving of their Cargoes, (for silver & gold are prohibited exportation, on pain of confiscation of Ship & Cargo besides slavery to the ships Comp^{a}.) that the Ships so remaining may be a pledge for the good behaviour of all their fellow Subjects, if any should dare to take satisfaction of the Siamers, for being robbed & oppress'd by them, and that there may always be victims of bloud & treasure ready to be sacrificed by the Siamers, if any such accident should happen.

All which conditions Cap^{t}. Powneys Associates Oia Seneratt & Paipatt would have put upon me wth. the greatest rigour, If I had not us'd both presents & threats to prevent them; Cap^{t}. Dalgleish, & I design'd to have address'd the King wth. Petitions & Presents to have these unjust impositions & calamity[s] remov'd, but M^{r}. Collinson, who Cap^{t}. Powney left here to be Seneratts intelligence[r] discover'd our design to him, and next day came an order from the King y^{t}. no Europeans, Moors, or Jentues, except his own Subjects, should approach y^{e}. Palace on pain of death. One day I discours'd Seneratt about the injustice & oppression we lay under, but he deny'd he had any hand in it; I told him I had ask'd the same question of Paipatt, & that we would give a sum to have it removed, for if it continued, the consequence would endanger a rupture wth. the Company; He bid me go to Seneratt, who could best give an account of its rise; I told Seneratt of it before Collinson, and a few days after Collinson was summon'd to a Court, who gave a declaration, which brought my life ship & Cargo in question; About a week after I was summon'd to another Court, where an impeachment was drawn up against me, that I had told Seneratt before Collinson (and some others who were ready for Witnesses, thô never any one but Collinson was near) that Seneratt, & Paipatt had inculcated ill notions into the Kings head for laying Customs and other impositions on all the British Subjects excepting those aforesaid; I deny'd the whole accusation; My Judge frankly told me that I must take care what I said, for If I was cast I must lose my head, which conditions I was forc'd to accept on for want of other remedy; on w^{ch}. M^{r}. Collinson was sent for to confront me, who declar'd [to the Judge before that what Seneratt had] asserted, was true; but I proved by Seneratt himself, that Collinson did not understand Moors, which was the Language that our discourse was in; I was acquitted by y^{e}. Judge, and the Evidence ridiculed by the whole Court; The Evidences folly, & ignorance (thô no doubt mixed with malice, or his Masters orders) I pity, and deem him far below my resentment, otherwise should have sent him home witho^{t}. his ears. Among other discourses at our table (which was a common one) some words might have past, that for all the Siamers precaution in making us leave our great guns at Bencock, any body that had a mind to disturb y^{e}. repose of this great King, might bring Guns under their ballast, and plague him more than a Spaniard did forty years ago, forcing his way down y^{e}. river in spight of all the Force of Siam, thô y^{e}. King then headed them; Next day Seneratt was master of y^{e}. Secret, and design'd to have persuaded y^{e}. King to make me unlade my ship in

— *FORT ST. GEORGE, APRIL 1719* —

order to Search her, and thô I have ne're a spare great gun (w^ch^. I am sorry for) yet for fear of farther trouble, was forc'd to strike up a pretended friendship w^th^. Seneratt to divert the charges and trouble.

After a m^os^. stay at Siam, and finding no appearance of Trade, except on the base slavish conditions aforesaid, and all the doors of Justice fast bolted against us, I sollicited for my Tara, or dispatches in order to try my fortune somewhere else, but could not obtain one in less than two months and a half, thô Sollicited almost every day.

Before my departure from the City, I thought the Dutch cheif might have some more interest than my self with this pollitick Court, & made an overture of letting him have about thirty thousand rupees worth of Suratt goods at Suratt price, he paying the eight ℔ Cent Custom but after ten days tryall found that nothing but my money paid into the Kings Cash could do, so am forced to leave this glorious Port (as the King styles it) without selling half so much as have paid away in port charges, wherein is one thousand Rup^s^. measuarage for my ship, as ℔ Stipulation aforesaid.

For all which damages & losses, w^ch^. have or may come on this part of my voyage, If meet w^th^. Cap^t^. Powney, I shall use my powerfullest Eloquence to persuade him to reimburse my Masters.

And am in great hopes that this foolish brother of the Sun (the King of Siam) who by ill advice has broken our Commerce and opprest us, shall find the Morning Starr has beams enô to attract [. . .] glories that Japan sends him this year, & convey them to [. . .] Madrass maxims are very good in such cases as ours.

And because we are unjustly debarr'd trading here, and plagued w^th^. insupportable affronts, & abuses, 'tis but reasonable to undeceive the Siamers, and teach them so much of the constitution of our laws, that their King, nor any subject of Brittain, can alter the establish'd Commerce of Siam witho^t^. y^r^. consent, & approbation of our Legislature, or those that they have made it over to.

And am in great hopes that this simple King (whose avarice & lazyness, is like to make a revolution in his Country) will be the first that will taste of his folly, and that the complaints of his slaves or subjects, will awake him to bring the Authors of this new Project of Tyranny to condign punishm^t^. some of whose heads are already in no small Jeopardy about my leaving the Country, witho^t^. paying Customs, or at least very inconsiderable for a few Shawls, & dates.

I have two good Chances to incourage me, one about the latter end of next m^o^. and if that miscarries, I shall call at this barr about y^e^. beginn^s^. of May for a few teculls, & I hope Cap^t^. Powney, when he comes here, will fall in the snare he has laid for others.

There's one thing more, that I can't forbear taking notice of to your Hon^r^. a letter of yo^rs^. came to Seneratt, & one to y^e^. King, which were accounted spurious till one came from Powney, and then it was made legitimate about a month after; however Dalgleish had no benefitt by yo^r^. Hon^rs^. Certificate, because he once ask'd Seneratt for some mony, he had owed him above a year.

The reasons why Seneratt gave me (when we were good friends) for laying on those Impositions is because Madrass makes the King pay eight ℔ Cent, therefore we ought to pay as much, & Madrass be clear.

I had almost forgott to acquaint your Hon^r^. that when Cap^t^. Dalgleish, Mess^rs^. Emmerson & Saunders, & I went to visit the Vizier or Chuckra, He treated yo^r^. Hon^r^. w^th^. some unhandsome Epithets for writing to Seneratt as Vizier about business of Consequence, & not to him, and he told us if any thing spoiled our business at Siam it would be your Hon^rs^. too great friendship w^th^. such Villains. I am

HON^BLE^. S^R^.

The President informs ye. board that on a full enquiry into the marriage of the [Mate Crane] mention'd in last Consultation, he finds that the said Crane had been bred [a Protes]tant, and continued to profess a protestant religion till within a few days of his marriage, and then the woman he married refused to have the Ceremony performed in ye. English Church, because all Roman Catholicks married there are oblig'd to Subscribe a declaration that they will bring up their children in ye. Protestant Religion, by an order of Council datn. the 25th. of March 1680, wch. is entred after this Consultation, and that on her refusal to comply wth. that obligation, he had renounc'd the protestant religion, & declar'd himself a Roman Catholick in order to marry her; The President therefore proposed to ye. Secondly, that such a promise can be no obligation on ye. Conscience of any person, being unlawfull in itself. Thirdly, That ye. requiring such a promise may be attended wth. ill Consequences as in ye. instance now before us, the Woman refusing to be married in the English church for that reason only, the consequence of wch. was Cranes renouncing the Protestant religion, and declaring himself a Roman Catholick.

The President represents, that whereas an order of Council was made the 21st. of July, the last year for cleansing the Tanks in the Washertown, of the mud and dirt, wth. wch. they were choackd, and for sinking them somewhat deepr. in order to renew the springs, wch. failed by reason of the great drought, that order was happily prevented from being put in Execution by an unexpected supply of rain, soon after it was made, wch. answd. the intent of that work but the Washers now renewing the same complaints of that ill convenience occasion'd by the Excessive drought of this year, The President proposes that the aforesaid order should be now Executed, wch. is AGREED to, and the Paymaster is ORDER'D to set about the work as soon as possible, it having the last year been computed upon a calculate made, to be likely to cost about three Hundred Pagodas.

The Presidt. acquaints ye. board yt. the severe [resentments to ye. Priests of St. Thoma, had produced a very good Effect.

The President acquaints the Board, that the severe methods which he had taken to show his resentment to the Portugueze Preists of St. Thoma for marrying any [Christian Inhabitant of this] Governmt. wth. out his consent (as he informed us in Consultation the 2d. instant) had produced a very good Effect, for that the Padry Governour at St. Thoma had sent him a very submissive Letter or address, wherein he obliges himself, & those of his Fraternity subject to him not to marry any persons subject to this Government for the future witho t. asking his previous consent. The said Address is entred after this Consultation in ye. Originall Language.

Barcalong of Siam to whom she belong'd; The said Barcalong refus'd to accept the said 1200 Pags. alledging that the Junk stood him in about Four thousand Pagodas, and that as he had not giv'n occasion for that Capture, he insisted upon full satisfaction; The President adds that Capt. Powney being now bound for Siam, It will be proper for him to make up that affair on ye. best terms he can, for the Owners of the ship Ann which took ye. said Junk.

The Honble. Compys. approvall of seizing ye. King of Acheens Ship.

Be it therefore AGREED that an order be publish'd for all persons that have any claims to make on ye. said prize to bring them in within a month in order to their being adjusted, before a dividend of the said prize be made.

——FORT ST. GEORGE, JUNE 1719——

To the Hon^ble. Joseph Collet Esq^r.
Presid^r. & Gov^r. of Fort S^t. Geo^r. &c^t. Council.

The humble Petition of John Hill
Sheweth

That whereas your Petition^r. when he was at this place in the Ship Margarett Ann in January last, having purchased a parcel of blue cloth with a design to proceed for Mocha to dispose of it there, He sail'd accordingly from hence for Callicutt, and in an attempt to gain the port of Mocha from thence, He lost his passage and came hither the 17^th. Instant.

Wherefore yo^r. Petition^r. humbly desires yo^r. Hon^r. &c^t. to permit him to put on Shore the afores^d. Blue cloth witho^t. paying Custom (the usual Customs having been paid before) and your Petition^r. will be in gratitude oblig'd to pray &c^t.

Whereas the Hon^ble. Presid^t. & Council of Fort S^t. George do believe the Ship Young Darby, belonging to y^e. Hon^ble. Comp^a. Charles Bringhurst Master, is over-masted, wherefore by the said Hon^ble. Presid^ts. order to y^e. said Charles Bringhurst, to have a Survey made thereon by y^e. Carpenters of y^e. Europe ships.

We whose names are undermention'd, in obedience to y^r. said order did this day, being the 16^o. June 1719, go on board y^e. Darby and make a survey thereon, & our opinion is as follows:

We do give our opinion that y^e. Ship Young Darby has her due proportion, relating to her Masts, or rather under, according to her breadth & length.

M^r. Randall Fowke acquaints the Board, that as Paym^r. he has receiv'd a letter from S^r. Robert Smyth, by the King William directed to his son Richard Smyth at Vizagapatam, who died there some time since; He adds that in the said Letter there is mention of some necessarys sent out upon the King William for him, but there

being no receipt, or bill of loading inclos'd, nor any such things to be heard of, he thought it proper to acquaint the Board therewth. that the same might be recorded to secure himself against any Censure w^{ch}. may be unjustly pass'd upon him hereafter on that acco^{t}.

That M^{r}. H. L'Apotre Bond for Pag^{s}. 1000 be discharg'd as likewise one given for Pag^{s}. 600, that M^{r}. Hugonin his Attorney deliver y^{m}. in time enough for y^{e}. Accompt. to cast y^{m}. up Interest at 8 ℔ Cent ℔ ann.

ORDER'D That our Bond giv'n M^{r}. Henry L'Apos'tre the 13th. May 1717, for Pag^{s}. 1000 (whereof a 12 m^{o}. Int^{t}. was paid him the 19th. The Sec^{ry}. reports that in obedience to our order Mess^{rs}. William Colebrook, Edward Stephens, & Cap^{t}. Thomas Hill, have entred into Free Merch^{ts}. Covenants wth. the Hon^{ble}. Comp^{a}. The Counterparts whereof have been deliver'd them respectively.

On a carefull perusal of the Hon^{ble}. Court of Directors orders by ship King William for the Investment to be made the ensuing year, We observe that the quantity of cloth now order'd will amount to near Seven thousand seven hundred bales for the whole Coast w^{ch}. is about double the quantity provided; We apprehend it will [. . .] should be able to perform their part, which is doubtfull, yet we have not washers sufficient in our bounds to wash & cure so much cloth in one year, therefore in order to lighten the next years work, we think it convenient to make an additionall Contract for this year wth. our Merchants, for about 1/3^{d}. part of the quantity order'd for y^{e}. next year, which may the more easily be perform'd, because having a great quantity of Cloth on our hands the begin[ning] of this year we made our Investment the smaller, being just Sufficient to make up our last years orders; Accordingly the Warehousek^{r}. delivers in a list of Goods for an additionall Contract wth. our Merchants here w^{ch}. is approv'd.

They were then told of y^r^. deficiency in y^e^. length & breadth of y^r^. Salempores w^ch^. we [affirm'd] when Wash'd should be coveds 32 long & 2⅛ broad—

The Accomptant delivers in a report concerning the Washers by w^{ch}. it appears that they are considerably in debt to y^{e}. Hon^{ble}. Comp^{a}. for rice deliver'd them out during the Scarcity these two years past; It appears to us absolutely necessary, either to permit them to take up rice on credit, or to advance their pay, because at the present high price of Grain, It is impossible for them to subsist on their labour, especially at this time when by reason of the want of water, they are not able to wash more than half the usuall quantity; The objection to raising the prices is, That when they are once rais'd, It will be very difficult to get them lower'd again, even in a time of plenty, whereas y^{e}. debt may be then recover'd; We compute the present debt w^{ch}. is about 1300[0 Pag^{s}.] w^{ch}. might wth. ease be paid off in two years of plenty; On the whole it is AGREED that the Warehousek^{r}. do permitt them to have what rice is absolutely necess^{ry}. for their Subsistence least they starve, or be oblig'd to leave the place.

Upon adjusting the Washers account to ult^o^. ——*FORT ST. GEORGE, JUNE 1719*——

The Presidt. delivrs. to the Board the Translate of a Letter, wch. Mr. Hastings Just now transmitted him & came from his correspondent at Negapatam, advising the destruction of all the English Settlements at ye. West Coast by the treachery of the Natives ; The said Letter being read, is ORDER'D to be enter'd in our copy book of Letters receiv'd, & may be found N°. 69.

The Presidt. ye. translate of a letter from Mr. Hastings wch. he rec'd from his Correspondt. [at] Negapatm. concerning ye. destruction of ye. West Coast.

The President acquaints the Board, That Mr. Pedro Parera Free Merchant who came hither from England on the King William died suddenly yesterday morning being the 28th. Instant, That on notice of his Death, He sent for the Mayor of the Corporation, (Mr. Richard Horden of this Board) and told him that as he could not find any orders from the Honble. Compa. for the Presidt. & Council to take upon them the administration of ye. Estates of Free Merchants, who should die intestate, He did not think it convenient for the Board to take the Administration on themselves, and therefore desir'd ye. Mayr. to Summon the Aldermen, & to propose it to ye. Court.

Pedro Parera Free Mercht. who came out in ye. King William died suddenly & ye. Presidt. thinks. fitt ye. Board should administr. themselves, sent for the Mayor of ye. Corporation to report to ye. Court.

Mr. Horden reports, That he had in Complyance wth. the Presidents desire, summon'd a Court of Aldermen, and propos'd to them to take ye. administration of ye. Estate of Mr. Parera decd. on themselves, but that upon a large debate, they all declin'd it, as beleiving it might Expose some of them, when they return'd to England to Law suits on that account.

Mr. Horden propos'd to [ye. Aldermen to take] ye. administration ye. Estate of Mr. Parera deceas'd, but they [declined].

The Board then consider'd what was the next Step to be taken ; The President declar'd, that for his part, withot. a very plain, and express order from the Compa. He would not concern himself in it, because he is inform'd from England, That He is like to suffer on the accot. of what he did of that kind at the West Coast in ye. Case of Capt. Lesley, Commander of ye. ship Abingdon, thô He then apprehended, and still apprehends, that what he did, was agreable to ye. Honble. Comps. order which requir'd ye. Deputy Govr. & Council there to take care of the Estates of such persons as shall die in their Service intestate, without any restriction of the ordr. to Covenant Servants only, and it is plain that Capt. Lesley died in the Company's service & Intestate ; If therefore he is liable to Suffer on such a distinction, He cannot think it fitting to concern himself wth. ye. Estates of Free Merchants who die Intestate, since he cannot find any orders at all for so doing.

The Board consider'd what was ye. next step to be taken. The Presidt. declar'd [he] would have nothing to do [wth.] it, being likely to suffer [in matters of] that kind.

It was then consider'd who were the properest persons to take upon them the administration after it was refus'd by the Board, & the Mayors Court, and at length it was unanimously AGREED, That the Minister & Churchwardens were the fittest for that purpose, as the Estate [would be] secure in the Churches Stock, and as it is usual with them to [take care of] Widow & Orphans mony & we are inform'd Mr. Parera has left a Widow & children behind him.

[Then it was] consider'd who was [ye.] properest person to take [ye. administn.] after ye. Board & ye. Court [have] refus'd it. Agreed ye. Ministrs. & Church [wardens] were ye. properest persons.

AGREED, That an order be giv'n to the Revd. Mr. Charles Long [minister] and Messrs. Benyon & Norris Churchwardens to take care of the Estate of Mr. Pedro Parera decd. unless upon examination into his Papers, they shall find a Will appointing some person in this place for that purpose.

Agreed an Order be given ye. Revd. Mr. Charls. Long & Messrs. Benyon & Norris to take care of ye. Estate unless they find a Will.

——*FORT ST. GEORGE, JUNE 1719*——

On y^e. examing. y^e. Revenues there was found 6 m^o. rent of the Town Brokers due being Pag^s. 400.

On Examining what mony was due on any branch of the Revenues in order to call it in, an omission was found of an entry of four hundred Pagodas rec^d. of the Town Broker due from him for 6 m^o. rent from the ult^o. June 1718 to the ult^o. Decem^r. w^ch. is now entred, & duely brought to account having lain in the Cash Chest ever since it was receiv'd.

The President proposes to take into consideration the affair of Dieu Island, in order to come to some resolution concerning it. In order to which y^e^. 44^th^. 45^th^. 46^th^. & 47^th^. paragraphs of y^e^. Hon^ble^. Court of Directors' letter ℔ King William, all relating to that affair were read; The Steps that had already been taken on this side were recited, & the present State of Affairs w^th^. respect to y^e^. Country Government fully consider'd, w^ch^. we think proper to enter here, That the reasons [of] the RESOLUTIONS we shall take may appear full & clear. — The Affair of Dieu Island taken into Consideration.

We first attempted to gain a peaceable possession of Dieu Island, by entering into a Treaty w^th^. Mauberize Cawn, the Nabob of y^e^. Subah of Golcondah, in whose district Dieu Island lyes, and to give y^e^. Greater force to that treaty; We sent an Ensign, & Fifty Soldiers to Metchlapatam who resided there severall months; Mauberize Cawn's Officers insisted on having mony advanced, in order to engage them in our Interest; But we resolv'd not to launch into any Expence that way, till we had a reasonable certainty of Success: We propos'd to give as far as Five thous^d^. pagodas in the whole, and should probably have been induced to have gone a little further to carry our point, But we found a much larger sum would be expected whenever y^e^. busyness was done; By the best light we could get, It would not be much short of a Lack of Rupees; Besides that at that Juncture Mauberize Cawn stood in fear of Sied Hussenally Cawn, under whose immediate Jurisdiction he was and Sied Hussenally Cawn did every thing in his power, to obstruct y^e^. making good the Grant in the Phirmaund [and gave] out fresh orders to our Nabob Sadatulla Cawn to retake y^e^. [possessions]; on this view of Affairs we drop't the treaty and determined [to take the] — The Steps that has already been taken, & y^e^. present state of Affairs relat^g^. to Dieu Island remonstrated.

———*FORT ST. GEORGE, JULY 1719*———

Hon^ble^. Comp^s^. Orders whether we should proceed by [. . .] meantime before the King William [. . .] (which [. . .]) a new Scene of Affairs [. . .] There he [*two lines lost*] Guard to protect him against the Kings Forces, on w^ch^. Sied Hussenally Cawn, Brother [of the] Grand Vizier, & Prime Nabob of all the Country from Gozara[ut to] Golcondah inclusive (whose residence was at Auringabad) march'd from thence with a large Force towards Delhy, in order [to] join his Brother Abdulla Cawn, The King sent sev^ll^. orders to him to return, and also sent orders to y^e^. Subahs (thrô whose Countrys he was to march) to seize his person, or cutt him off, if possible, but by many of these the King was betray'd ; They deliv^d^. those orders to Sied Hussenally Cawn himself; He proceeded, & Joined his Bro^r^. Warmly ; The two Bro^rs^. demanded an audience of the King, who being a weak, irres[olute] Prince, had not courage to oppose them, but granted their request & a seeming reconciliation was made ; But the two Brothers took an opportunity to seize the King ; putt out his eyes & imprison'd him in the Seraglio ; from whence they took a young Prince, & proclaim'd him King ; But the very same day changing their minds, they deposed & imprison'd him also, and took a Brother of his nam'd Raphiell Oura son of Rapheelcudda, alias Rapheelshan, who was the third son of King Shawallum, and in his name Govern'd for some time ; The Revolution happen'd on the 18^th^. Febry 1718/9 ; The Brothers kept the [King] under the closest Confinement, not suffering any besides their own [Crea]tures to have access to him, and whenever they remov'd thô it was only from the Pallace to a Garden of pleasure, they carried him with them & to prevent any further opposition, They destroy'd the late King Furruckseer and all the Princes of the Tamerlane race in the pallace of Delhy, or with[in] their reach to y^e^. Number of eighteen or twenty persons ; This provok'd [the] Mogulls & Patans, (two Setts of Mahometans opposite to y^e^. Sieds) & the Rashboots who gather 'd together what forces they could about Agra, and f[ind]ing there a prince of the Royal Blood, They offer'd their Service to car[ry[him w^th^. them, if He would accept the Crown, He comply'd w^th^. their request according to our last advices was march'd out of Agra with an Army of 45000 Horse towards Delhy in order to fight the Brothers, who were advancing towards him w^th^. the King, as their Prison^r^. they having [. . .] the Pallace of Delhy by the Gov^r^. on the following [. . .] left the Pallace one day to visit a Garden of pleasure [. . .] taking the King w^th^. them, as [has] been already said ; [. . .] refus'd to admitt them [. . .] there was another [*a few lines lost*] This being the Present state of Affairs, the Husbulhookum for the Delivery of Dieu Island, was call'd for, & read ; It was observ'd that the Husbulhookum was no more than an order or warrant, sign'd by the Grand Vizier to y^e^. Subah of Golcondah to deliver up Dieu Island to y^e^. English, It being granted to them by the King, but it is not sign'd by the King, nor has it the force of a Phirm^d^. The King who made that Grant is now depos'd, & dead, The Successour has razed his name out of the Royall List, and the Brothers seem resolutely determin'd to vacate all the Grants made to the English by the Phirmaund as appears by the obstruction given to the making them good both at Bengall, and Surat, and also by the Demand made of the redelivery of the Villages on y^s^. side.

After this Review we think it necessary to observe on the latter part of the 46^th^. parag. & the beginn^g^. of the 47^th^. paragraph of the Hon^ble^. Court of Directors Letter by the King William ; The words are as follow :—

"But if after all prudent endeavours as aforesaid, you have not been able "hitherto to get possession of the Island, and do find the Governm^t^. resolutely bent "to hinder yo^r^. taking possession (w^ch^. we think they dare not resolve on without "new orders from Court) We are not for Gaining it by force, (because we know nōt "how far the ill Consequences may spread) at least till we can hear from y^o^. the "certain acco^t^. what benefitt is like to accrue to us if we had it, as we directed in our "last Letters, and before that time, We suppose your people in the Bay to whom y^o^. "wrote, will have an answer from Court to their Representation [and] let us & y^o^. "know that they have so, & what is y^e^. Result.

——*FORT ST. GEORGE, JULY 1719*——

" We are sorry to read such great sums are giv'n away in Presents to y^e^. " Country Governm^t^. That the Nabob Sadatulla Cawn hesitates whether he shall " accept a thousand Pagodas, That Mauberize Cawn must be offer'd w^th^. his Officers " Five thousand Pagodas, look back into Gov^r^. Pitts time, & since, & you will find " they were much better Husbands for us; Let their Example spur y^o^. up to copy " better after them, It seems to us as if the Natives apprehended, they discern'd " a difference in y^e^. administration, and would accordingly make their markets; It " was as much a Custom formerly as now to present on new accessions to y^e^. Governm^t^. " but the good Husbandry then was more conspicuous; Let us find you as equall to " the Trust committed to y^o^. as they were."

We apprehend by the 46^th^. Parag^h^. above recited, that there is an express prohibition of taking Dieu Island by force, and this reason givn " Because we know " not how far the ill consequences may Spread " with this Restriction " At least till " we can hear from y^o^. the certain account what benefitt is like to accrue [to us if we] " had it". Now it is impo[ssible] to give a certain Acco^t^. whether [. . .] all the Acco^t^. we can give [. . .] present profitt, and [. . .] of w^ch^. we have already said as much as we can, keep^g^. as we think, within [. . .] bounds considerable, thô no man can be sure the Improvem^t^. will be so great as we think there is reason to Expect, Upon the whole it is .

Resolv'd not to take Dieu Island w^th^. out further Orders from y^e^. Compy.

Resolv'd, That we will not attempt to take possession of Dieu Island by force, without further orders from the Hon^ble^. Company.

Twas consider'd whether we shall engage in a Treaty w^th^. Mauberize Cawn for obtaing. a peacable possession.

The next thing to be consider'd, is whether we shall engage in [another] Treaty, w^th^. Mauberize Cawn for obtaining a peaceable possession of y^e^. Island it appears to us by the Experience already made, that we cannot Expect any Success that way; It is certain now, that Mauberize Cawn, will not dare to Execute the Grand Viziers order, giv'n by the Command of a prince since depos'd, and whose Name is raz'd out of the roll of their Kings, besides if that difficulty could be got over, (w^ch^. is Insuperable) his Expectations would be very high, We think the least Sum that would be accepted by him would be 20000 Pag^s^. & five more amongst his Officers whereas on y^e^. other side our Hon^ble^. Masters are pleas'd to think the sum of 5000 Pag^s^. w^ch^. we mention'd very Extravagant, and are pleas'd to [re]proach us w^th^. some Severity on that acco^t^. in their 47^th^. Paragraph before recited

Agreed there [are] no hopes of obtaing. Dieu Island by a Treaty; but in our Letter to M^r^. Holcomb at Metchlpa^m^. given Orders to sound Cojee Gee on this Subject.

Agreed, That we can have no hopes of obtain^g^. Dieu Island by a Treaty under the Restrictions we now lye, but that whereas we have in our Letter of the 25^th^. ult^o^. to M^r^. Humphry Holcombe residing at Metchlapatam, giv'n orders to him to Sound Cojee Gee [on] this subject, we will when we receive his answer, come to a finall Resolution thereon.

A Charge Exhibited by the President & Council of Fort S^t^. George against M^r^. Richard Farmer of Breach of Orders, and severall oth^r^. Misdemeanours committed by him, during his Administration of y^e^. Hon^ble^. Comp^s^. Affairs as Deputy Governour of the West Coast of Sumatra, as Extracted from the severall Letters, and Consultations receiv'd from thence.

First, Touching the Accounts of y^e^. West Coast.

1^st^. That M^r^. Farmer did send to England on the ship Rochester y^e^. Original Books containing the West Coast Accounts ending the 30^th^. of April 1716 unballanc'd without keeping any Copy thereof.

——FORT ST. GEORGE, JULY 1719——

2DLY. THAT Mr. Farmer has not kept any Genll. Books at ye. West Coast since the sending home the abovemention'd.

3DLY. THAT Mr. Farmer has not sent any Copys of the Genll. Books, or other West Coast accounts.

4THLY. THAT, it does not appear, That Mr. Farmer ever had the Journll. parcels of all their accounts read monthly in Consultation.

The three first of these articles are a direct violation of the Honble. Comps. express & repeated orders, and seem design'd to conceal a corrupt management.

The 4th. Article is a breach of an order in ye. West Coast Consultation of the 4th. of Septemr. 1717 and seems design'd to prevent any regular enquiry into their management.

SECONDLY CONCERNG. SHIPS SENT THITHER.

1ST. THAT Mr. Farmer detain'd severall ships at the West Coast for severall months unnecessarily, to ye. Honble. Comps. great Loss and damage.

2DLY. THAT Mr. Farmer dispatch'd the ship Hester to London with near half dead Freight notwithstanding he had orders to send a ship to this Presidency.

Both these Articles appear by the following Extract :—

"On the 11th. of May 1717 arrd. there the Hester from Borneo wth. about ten "Tons of pepper, The Benjamin the 27th. of August, and the Success the 2d. of "October arriv'd from England; the two last ships were sent to Bantall, and [*a few "words lost*] June for Guard ships, and the Hester dispatch'd for England 11th. Febry "1717/8 about half loaden, whereby the Compa. Suffer the loss of 150 Tons dead "freight by the Hester, & 8 mo. demorage by the Benjamin, There could be no such "necessitty for keeping these two ships so long at Bantall, on account of the Troubles, "when Mr. Cooke could quiet all with a small Force in so little time after his arrivall "there, & if the Hester had not been kept on yt. Coast, but had been sent to Madrass, "would have sav'd the Compa. the loss of all that dead freight, and ye. Benja. might "easily have been dispatch'd in time for England, and thereby have sav'd her whole "Demorage; The President likewise being kept unemploy'd for upwards of 18 mos. "only one Trip in all that time she made to Bantall, she was so crazy, that she "became unfitt for Service.

THIRDLY, TOUCHING THE WARRS, AND THE DAMAGES WHICH ENSUED.

1ST. THAT, the War wth. Padre Pancamar at Bencoolen was occasion'd by Mr. Farmers misconduct, & Negligence, in suffering those forces to gather gradually near Bencoolen, till they became Strong enô to make their attempt, notwithstanding the timely informations, giv'n him by the Neighbouring Pangarans, and other great men, of Padre Pancamars intentions to do mischeif.

2DLY. THAT The War at Bantall was manag'd in such a manner as if the design were to permitt Sultan Guilliamot to reestablish himself; the only reason for which seems to be, That Mr. Farmer was determin'd to oppose, & undo whatever had lately been establish'd on the West Coast, thô so much to the prejudice of the Honble. Comps. affairs, as appears by the Following Extract.—

"About the latter end of Novemr. began the Troubles at Bantall with Sultan "Guilliamot, whereupon Mr. Morrice was sent Supravizor there in Jañry following "wth. strict orders to obtain a Cessation of arms from Sultan Guilliamott; We cannot "but here observe, that the latter more especially was a most Expensive warr to ye. "Compa. to require two Europe ships lying so long there for the relief of the Settle- "ments, and twenty thousd. Dollars extraordinary Expence, It seems very evident & "plain to us, by what appears to have been done upon Mr. Cookes arrival there, that "Mr. Farmer might have easily putt an end to those troubles at his own pleasure, if "not entirely have avoided falling into them, if proper measures had been taken at

" first, but nothing but a Cessation of arms was to be kept up, at the same time that " Sultan Guilliamott was daily destroying the Country round about them, together " w^th^. y^e^. Comp^s^. [*a few words lost*] protection. By this War is destroy'd abo^t^. Bentall " 241200 Pepper trees and about Bencoolen occasion'd by the War there also 26100 " more.

FOURTHLY, TOUCHING THE ENGROSSING OF THE SALT TRADE.

THAT M^r^. Farmer in direct opposition to the Establishment of the Salt trade made in M^r^. Collets time, & since expressly confirm'd & ORDER'D both by the President & Council of Fort S^t^. George, & the Hon^ble^. Court of Direct^rs^. in England, did engross the Sale of Salt for his own proffit to the loss of the Hon^ble^. Comp^a^. and very great oppression of the people, as appears by the following Extract—.

" The Storekeep^r^. has not been permitted to sell any salt out of the Comp^s^. " Godowns, but by M^r^. Farmers directions to particular persons in Exchange at 20 " Bamboos of Salt for 20 of Rice, & 24 of Salt for 48 of Paddy, and for ready mony " at 25 ℔ Cent advance, after w^ch^. it has been retaild in y^e^. buzar as appears by the " Consultation of the 23^d^. of May 1718 at the extortionate price of 4 bamboos of " Salt for a Dollar, which must necessarily breed a great deal of discontent & " uneasiness among the People to find they had lost the liberty they formerly " enjoy'd, of buying it out of the Comp^s^. godown at the usuall price abovemention'd, " and in all probability was one cheif occasion of the Troubles w^ch^. happen'd at " Bencoolen, besides this is a direct breach of y^e^. Comp^s^. orders.

FIFTHLY, TOUCHING THE BUILDINGS, FORTIFICATIONS, & REVENUES.

1^ST^. THAT M^r^. Farmer has neglected to keep y^e^. Buildings in due repair, & to carry on the new Buildings, order'd & begun at Moco Moco.

2^DLY^. THAT M^r^. Farmer has put y^e^. Comp^a^. to an unaccountable expence in raising a turf Wall, at Bencoolen, and approving a like work begun at Bantall by M^r^. Morrice witho^t^. orders from Bencoolen, which is a direct breach of the Hon^ble^. Comp^s^. order, That none of y^e^. Settlements under this Presidency shall begin any buildings of value without orders from hence.

3^LY^. THAT M^r^. Farmer bought a brick House of M^r^. Ellill on y^e^. Comp^s^. acco^t^. witho^t^. orders and w^ch^. seems to be altogether useless.

4^THLY^. THAT, M^r^. Farmer lessen'd the Comp^s^. revenues by giving up y^e^. Gaming license, and the duty on Anchorage of prows, without leave from this Presidency, and witho^t^. any apparent reason.

The particulars under this Head are more fully Exprest in the follow^s^. Extract.

" After the disturbance Padre Pancamar and the Orangoonys had [*one line* " *lost*] with Turf Walls, and trenches w^ch^. were Order'd to be made quite round the " whole Fort, the wall 10 foot broad, and 8 foot high including the breast Work, " and the ditch to be 15 foot broad, as enter'd upon th[eir] Consultation of the 10^th^. " Decem^r^. 1717, this work was finish'd, and compleated as M^r^. Farmer advised the " Court of Directors ℔ the Hester, and that there should be no further expence, " nor would it require any future expensive repairs, as being a durable and lasting " Work.

" Nevertheless there was Doll^rs^. 7561. 2. 97, afterward laid out upon it, and " the breastwork was not half finish'd when M^r^. Cook arrivd there, w^ch^. was daily " falling down, as fast as they could rear it up, and near half of it is since wash'd " down by the rains as is particularly [mention^d^.] in their Diarys and Consultations.

" The whole charge of this durable and lasting work doth not amount to less " than Doll^rs^. 11178. 2. 67. besides this there is another piece of work of the same " kind has been carr^d^. on at Bantall by M^r^. Morrice, w^ch^. was begun without any " orders from his Superiours thô the[ir] approbation was obtain'd afterward and " the workmen at bôth places paid for their work in goods of Mess^rs^. Farmer and " Morrices.

——*FORT ST. GEORGE, JULY 1719*——

"We cannot but observe from their Consultations, & Lett^rs. there has been a "gen^ll. Neglect of the buildings ever since Gov^r. Collet quitted the place but what "reasons M^r. Farmer can give for his Neglecting so long [a] time the care of those "at Moco Moco, which were in so good a forwardness, we cannot well understand.

"M^r. Ellill (as is enter'd upon their Consultations of the 9^th. of Aug^st. 1717) "having built a neat brick house near the Fort cover'd w^th. lead w^ch. he is willing "to dispose of to the Comp^s. at prime Cost t'was agreed and order'd to buy said "house and the Materials expended thereon be charg'd to y^e. Comp^s. building, and "[...] Doll^rs. should be paid M^r. Ellill being so much besides laid out by him on "s^d. house, for China Carpenters, plumbers [&c^t.] this House stands close under the "south bastion of the Fort, it is altogether useless, and perhaps must be pull'd "down when they come to work on that part of the Wall.

"We must also here take notice of his giving up the Gaming license and "anchorage of prows, which must contribute a little towards the support of the "heavy charge of that Settlement, and therefore ought not to have been giv'n up, "unless the continuance of it was truly attended with great inconveniencys, or very "ill consequences w^ch. it doth not seem to be.

6^THLY. TOUCHING GOODS PROPER FOR CLOTHING THE [...]

That M^r. Farmer has in direct breach of the Hon^ble. Comp^s. orders, charg'd the payment of the buggeese soldiers, & Malay workmen in mony, whereas those payments were order'd, and had always been made in cloth out of the Hon^ble. Comp^s. Warehouse to their considerable proffit, for w^ch. no reason appears, but the taking that proffit to himself by paying the Buggeese &c^t. in his own cloth, and receiving into his own cash the mony charg'd, as by the follow^g. Extract.

"There doth not appear to have been Issued out of the Companys Warehouse "to the Paymaster as was usuall for payment of the Malay Workmen and "Buggeesee, any cloth from y^e. time of M^r. Shyllings Suspension in June 1717, to "the 21^st. of August 1718, as appears by the Consultation of that date, and their "Warehousek^r. and Paymasters accounts, while M^r. Ellill continued Paymaster who "in all appearance have been supply'd w^th. M^r. Farmers goods all that time as like-"wise the cloathing the Slaves, were goods bo^t. of M^r. Farmer in August 1717 & "March 1718, and amount to Doll^rs. 2500 ℔ ann̄ more in proportion than the last "clothing deliver'd out of the Comp^s. Godowns in Sept^r. last 1718, all which is "directly contrary to the Comp^s. positive orders, and what they have frequently "forbid to be practis'd.

7^THLY. TOUCHING THE SUSPENSION OF MESS^R. SHYLLINGE AND GARRET.

That M^r. Farmers prosecution of Mess^rs. Shyllinge & Garret seems to be unjust in the whole, the proof that is alledged for some parts being very suspicious, and other parts of the charge, being evidently fictitious, and without any Foundation, but the malice of y^e. prosecutors; That his Treatment of their persons was barbarous and inhumane; That his sending them from thence to England was a direct breach of ord^s. and that his Secreting or sending away all the Originall acco^ts. renders it beyond all doubt, that himself was conscious of the foulness of the whole proceeding, all w^ch. appears from the following extract.

"M^r. Shyllinge as appears by their Consultation of y^e. 27^th. of June 1717, "was charged with having defrauded the Company of Ry^lls. 8588 : 36 [ca.], in his pay-"masters employ, and by an account Curr^t. entred after their Consultation of the "same date, they have brought him in debt to the Comp^s. Roy^ls. 21555 : 2 : 15 su. [cash.] for "which he was Suspended the Hon^ble. Comp^s. service, and his Effects soon after "Seiz'd.

"How far he may be culpable we cannot truly learn, since M^r. Farmer hath "sent away all the necessary papers to England and no books of Accompts having "been kept up which renders it impossible to examine into this Affair further then

——*FORT ST. GEORGE, JULY 1719*——

"what we find upon their Consultations where there are Sev[ll]. Articles wherein "M[r]. Farmer must have Injured M[r]. Shyllings & principally in y[e]. method taken to "make out y[e]. Charge against him, for how was it possible to take that Exact Survey "of y[e]. Buildings so as truly to judge what had been expended thereon & it is very "plain he has no where any credit given him for y[e]. cast out Timbers w[ch]. as Mess[rs]. "Newcome & Kington together w[th]. [Rawlings] all affirm many of them had been "deliverd from one Paym[r]. to another successively for a long time past which want-"ing an Inch or two in Length & thickness were now thrown out in y[e]. valuation of "y[e]. Buildings they could only count y[e]. materials w[ch]. appear'd to view & must "compute y[e]. rest by guess without any allowance for wast [*sic*] in working them up & "besides Mess[rs]. Newcome & Kington two of y[e]. Council declare there was never any "Survey made by y[e]. Dep[ty]. Gov[r]. & Council but managed wholly by Mess[rs]. Ellill "& Morrice, M[r]. Farmer being sometimes present with them & y[t]. they were "dissatisfied with these proceedings but being overaw'd by y[e]. threats which they "often rec[d]. from M[r]. Farmer & overpower'd by a majority of y[e]. Council Submitted "to sign y[e]. Consul̃: & M[r]. Newcombe was once offer'd by M[r]. Ellill from "M[r]. Farmer a present of four hundred doll[rs]. if he would Joyn with them in their "measures.

"It appears further that upon a strict search made among M[r]. Farmers papers "in June 1718 being found an Acco[t]. of Goods in Company with M[r]. Shylling dated "22[d]. Aug[st]. 1717 w[ch]. compared w[th]. his proportion of y[e]. Goods dd̃. into y[e]. "Companys Warehouse on Acco[t]. of his debt to M[r]. Farmer hath made an unjust "dividend thereof he hav[s]. taken much y[e]. greatest Part of y[e]. Course Goods for his "own Acco[t]. which will yeild Sixty or Seventy ℔C[t]. advance or more & y[e]. fine "Goods were dd̃. y[e]. Comp[a]. on Shyllings Acco[t]. in part of his debt which will never "yeild near y[e]. Prime Cost, & for y[e]. Hermitage house which was likewise in "partnership between them, he allows him much less than his real moyety of y[e]. "Cost first & Last who after hav[s]. allow'd Seven hundred Doll[rs]. it was not honestly "done after his suspention to make his own price for it, & what reason M[r]. Farmer "could have for concealing any papers of M[r]. Shyllings as he did & Some of "Importance as notes for mony due to M[r]. Shylling from Rawlings & Sev[l]. other "papers to a great amo[t]. till they were after some time & trouble spent to get "them taken from him seems very Strange in y[e]. Same manner as M[r]. Shyllings was "M[r]. Garret (who arr[d]. there on y[e]. Hester from Bentall 28 Octob[r]. 1717) charg'd to "have defrauded y[e]. Company, of Doll[rs]. twelve thousand & Eighty Eight two sucas "& nineteen Cash while he Acted in y[e]. Paym[rs]. Employ provd by a survey made of "what had been expended in that time & y[e]. Sev[ll]. depositions as given against him "by M[r]. Shyllings for which he was likewise suspended y[e]. Comp[s]. serv[ce]. & ord[d]. "to be confind as by their Consul̃: of y[e]. 6 November 1717 & both Mess[rs]. Shylling "and Garret witho[t]. hav[s]. adjusted their Acco[ts]. were sent to England y[e]. former "upon y[e]. Rochester & y[e]. other upon y[e]. Hester which is a direct breach of y[e]. "Comp[s]. Ord[rs]. in y[e]. 48[th]. Paragraph of their Lett[r]. ℔ y[e]. Avarilla dated y[e]. 15 "Jañ: 1713.

"Hereupon Mess[rs]. Farmer, Ellill & Morrice engaged themselves in Bonds "und[r]. y[e]. penalty of 1000 Doll[rs]. to stand by each other in case any alteration might "happen to be made amongst them from Fort S[t]. Geo[r]. on Acco[t]. of y[e]. Suspention "of these two Gentlemen w[ch]. M[r]. Farmer was very earnest to conceal by offering "his Oath that there were not any such Bonds or other papers of Mess[rs]. Shylling "& Garret & Ellill in his possession till y[e]. discovery of them proved y[e]. Contrary.

"He must be conscious surely of some Injustice done them that he should "thus engage himself w[th]. Mess[rs]. Ellill & Morrice in bonds to assist each other in "opposition to y[e]. Governm[t]. of Fort S[t]. Geo[r]. his Acco[t]. from Fort Marlbrô as well "as it was possible to be stated there is herew[th]. deliverd yo[r]. Hon[r]. &c[t]."

——FORT ST. GEORGE, JULY 1719——

A CHARGE EXHIBITED BY Y^E. PRESID^T. & COUNCIL OF FORT S^T. GEO^R. AGAINST M^R. JAMES MORRICE FOR CRIMES & MISDEMEAN^RS. COMMITTED BY HIM WHILST IN Y^E. HON^BLE. COMP^S. SERVICE ON Y^E. WEST COAST OF SUMATRA as Extracted from the Letters and Consultations rec^d. from thence.

FIRST, That when M^r. Morrice was at Bantal as Supravizor he began an expensive work of Raising a Turf Fortification there without ord^rs. from Bencoolen, & Contrary to ord^rs. from Fort S^t. Geo^r. & Seems to have been undertaken for his own private benefitt by paying the workmen w^th. a Cargo of Goods he carry'd with him, as ℔ y^e. following Extract—

"We find upon the Consultation of y^e. 30^th. May 1718 that M^r. Morrice "while he was there had Entred upon build^g. a Turf Fortification round y^e. Factory "a work of y^e. same kind as that at Marlbrô Fort w^ch. began to fall before it was "half finish'd & therefore provd altogether Useless and could be no defence to y^e. "place he must needs see by what had been done at Marlbrô before his departure "how Expensive & needless Such a work would be besides it is contrary to former "ord^rs. w^ch. require that they should at Bentall proceed in no new buildings more "than what was absolutely Necessary to preserve y^e. health of y^e. people & this was "done as M^r. Morrice affirms w^th. y^e. Dep^ty. Gov^rs. leave alone and afterwards "approv'd in a Gen^ll. Lett^r. from Marlbrô dated y^e. 26 Feb^ry. 1717/8 but no where "mentiond in y^e. Consultations which in all appearance Seems to have been under-"taken upon Acco^t. of y^e. Cargo of Goods w^ch. he carry'd thither w^th. him in ord^r. by "this means to dispose thereof to y^e. workmen.

SECONDLY That M^r. Morrices managem^t. of y^e. War with Sultan Guilliamot was evidently designd for y^e. resteration of y^e. said Sultan Guilliamot in opposition to the late Establishm^t. confirm'd from Fort S^t. Geo^r. to y^e. Apparent prejudice of y^e. Hon[^ble.] Comp^s. Affairs as ℔ y^e. follow^g. Extract.

"We observe y^e. Endeavours he us'd for Establishing a Peace w^th. y^e. "Country Governm^t. & inspect^g. all Acco^ts. for w^ch. purpose he was sent thither whose "Secret Managm^t. therein & endavours to conceal all Acco^ts. & papers relating "thereto as appear by the Consultation of 30^th. May 1718 is a plain proof he was "Conscious of hav^g. taken some ill Steps his Lett^rs. to Sultan Guilliamot earnestly "Entreat^g. & inviting him to accept of y^e. Kingdom w^th. great assurance of y^e. Hoñ "Comp^s. favour when he was plundring and destroying y^e. Country round about "them and his great Concern to conceal these Lett^rs. by so Stifly denying what "afterwards upon a Search found in his possession among his papers plainly discover "a design of restoring Sultan Guilliamott witho^t. any pretence of reason for so doing "but on y^e. Contrary to y^e. apparent ruin of y^e. Comp^s. Affairs in that Kingdom, his "pretence also of being sick to Excuse his neglect of inspecting y^t. Acco^ts. & Settling "what might be amiss when it was well known to y^e. Contrary by Cap^t. Graves & "others who were then present there is as unaccountable as it was Unjust to Stop y^e. "ballances of those Acco^ts. for so long time witho^t. any reason y^t. we can find for it.

THIRDLY That M^r. Morrice was guilty of ord^g. a most barborous Murther on y^e. body of two Malay men in cold blood as ℔ y^e. following Extract—

"We must now take Notice of an Attestation given by Cap^t. Graves & three "of his Officers of a Murther committed by M^r. James Morrice while he was "Supravizor at Bentall in Cold blood upon y^e. Persons of two Malay men prisoners "of War one of w^ch. had his fingers cut off Joint by Joint & then his head; y^e. other "had head cutt off at first they add that after y^e. fact was committed M^r. Morrice "oblig'd Sultan Cutcheel Buzar to condemn them. Such actions as these are highly "provoking & Wicked & consequently not to be suffer'd."

FOURTHLY That M^r. Morrice enterd into a Combination with Mess^rs. Farmer & Ellill in opposition to y^e. Governm^t. of Fort S^t. Geo^r. in case of prosecution from thence on Acco^t. of their Treatm^t. of Mess^rs. Shylling & Garret as ℔ y^e. follow^g. Extract—

By the Consultation of y^e. 30^th. May 1718 it appears that M^r. Morrice with Mess^rs. Farmer and Ellill were Engaged in Bonds interchangeably Sign'd to assist

——FORT ST. GEORGE, JULY 1719——

each other und[r]. penalty of 1000 Doll[rs]. upon any Alteration which should happen to be made amongst them from Fort S[t]. Geo[r]. on Acco[t]. of their prosecution & Severe treatment of Mess[rs]. Shylling & Garrett this combination in Opposition to y[e]. Authority of y[e]. Governm[t]. of Fort S[t]. Geo[r]. is a plain proof of his being conscious to himself of y[e]. Injustice he had done Mess[rs]. Shylling & Garret by Joyn[g]. with Mess[rs]. Farmer & Ellill while he was at Marlbrô Fort to Send these Gentlemen with y[e]. Originall Vouchers and all accounts relating to them to England & to lay aside the Gen[ll]. Books whereby it is become impossible to Examine truly into this affair, his Acco[ts]. as w[e]ll as it was possible to be Stated at Marlbrô Fort we herewith deliver.

Fifthly That M[r]. Morrice Joind w[th]. M[r]. Farmer in his unjust Prosecution of Mess[rs]. Shylling and Garret and is answerable first both to the Hon[ble]. Company as that Affair was managed in many Respects directly contrary to their ord[rs]. and also to the Gentlemen themselves when they shall have an oppertunity legally to recover Damages for the Injurys Sustaind and also for all other irregular misconduct of M[r]. Farmers in which he joynd as a party.

Consider'd whether any thing could be done immediately from hence for ye. security of yt. place: Agreed we [wait] for ye. arrivll. of Ship Godfrey being dayly expected.

It was then consider'd, whether anything could be done immediately from hence for the Security of that place, and at length it was AGREED That as the King William was ready to sail for Fort St. David wth. Treasure, Wares & Stores for that place, & to bring up about 1000 bales of Callicoes expected from thence, and as the Ship Godfrey from Europe, wch. came out in Compa. with the Marlbrô is expected daily, We will wait some time in hopes of her arrival; The Marlbrô being but just arriv'd, & to be unloaded, & the Young Darby, and Metchlapatam being too small to answer the end.

Mr. J. Turton appointed youngest of Councll. in ye. Compys. Letter p Ship Marlbrô, ye. 2 Instnt. a debate arrose whether he Ought to take place of Messrs. Benyon & Emmerson who at present are before him Mr. Turton had time given him to look for Precedts. but finds none; Therefore desires it may be left to ye. determination of ye. Court of Directors, till wch. time he was content to stay in his present Station.

On reading the 24th. paragraph of the Honble. Court of Directors letter by the Marlbrô, wherein Mr. John Turton is appointed youngest of Council, the 2d. Instant a debate arose whether he ought to take place of Messrs. Benyon & Emmerson, who are at present before him in Council which Debate was adjourn'd till this day, that Mr. Turton might have time to search for Precedents, if any were of the like case, Mr. Turton now acquaints the Board, that after having search'd some time, he does not find any to his purpose, but desires if the Board think fitt, That it may be referr'd in the Genll. Letter to the Honble. Court of Directors determination, and that in ye. mean time, He is content to remain in his present Station.

Mr. Robt. Symonds representation relats. to his provids. Cloth at Vizm. was read & Consider'd. Order'd it be enterd after ys. Consultation. It appears to ye. Board very hazardous to provide Goods at Vizm. accords. to ye. former method, because ye. Merchts. are poor and to advance ym. large sums may make ye. Compy. great losses by it, as they have already done.

Mr. Robert Symonds Cheif of Vizagapatam delivers into ye. Board a Representation of some difficultys, he has lain under wth. respect to ye. providing of cloth for ye. Honble. Compa. there, wch. being read & consider'd, is Order'd to be entred after this Consultation; It appears to the Board very hazardous to provide Goods at Vizagapatam accords. to the former method of advancing large sums of mony to ye. Merchts. who are poor, in wch. method the Honble. Compa. have sustain'd great losses as appears by their Books; It also appears, That by this methōd ye. hazard of loss to ye. Compa. is entirely prevented, and falls upon the person who provides them Goods, and must advance mony to the Weavers in small sums to sevll. persons, for wch. he has a consideration in delivering the Cloth to ye. Honble. Compa. according to Contract; The only objection seems to be, least the Goods should be depreciated in value for the sake of private Advantage; But as most of the Vizagapatam Goods are wash'd here, our Sorters will be a check upon them, & may throw out such as do not come up to muster; We therefore Approve of this method rather than the former, and we all know, It is impracticable to procure goods at Vizagapatam withot. advancing mony by some person or other, It is therefore

Agreed ye. present method be contind. till we have our Masters sentimts. upon it.

Agreed, That the present method be continued, till we can have our Honble. Masters sentiments upon it.

Petition of Stephn. Newcombe read. Order'd to be enter'd after ys. Consultation relats. to a large Boat wch. cost him 1000 Dollrs. wch. was lost in her passage to Batavia employ'd in ye. Compys. Service.

A Petition of Mr. Stephen Newcombe one of Council of the West Coast was read, & Order'd to be entred after this Consultation, requests. some allowance for a large Vessel of his which cost him about one thousand Dollars, and had been taken up by ye. Deputy Governour and Council for the Honble. Comps. use to carry off their treasure, & stores, and many of the people from Bencoolen at leaving that place, and afterwards in the passage to Batavia, was run on shore by ye. people in her & lost. Mr. Cook assur'd the Board of the truth of the Facts alleg'd, and that the Vessell had been of extraordinary Service to them on that occasion; The case being fully consider'd, It appears to us just & equitable, That Mr. Newcombe should have satisfaction for his Vessel, which was lost after having been so very serviceable on that sad occasion, It was therefore

Agreed ye. Sum of 1000 Dollrs. be pd. Mr. Stephen Newcombe at ye. rate of 15 Dollrs. ℔ 10 Pags. on condition he signs an obligation to refund in case of ye. Compys. disaproval.

Agreed That the sum of One thousand Dollars be paid to Mr. Stephen Newcombe, at the rate of Fifteen Dollars ℔ 10 Pagods. In consideration of his said Vessel, on condition that he signs an obligation to repay the same or any part thereof if the Honble. Court of Directors shall think fitt to order him so to do.

Agreed Mr. Thos. Cooke take upon him ye. Employmt. of Paymastr. Mr. Randll. Fowke Land Customr. & so deceeteris.

Agreed, That Mr. Thomas Cooke do take upon him the employment of Paymaster; Mr. Randall Fowke, that of Land Customer, Mr. Richard Benyon that of Storekeepr. That Mr. John Emmerson be Rentall Genll. and Scavinger, and that Mr. John Turton Youngest of Council be appointed Receivr. of the Sea Customs, in the room of Mr. Randal Fowke, who is Order'd to delivr. it up to Mr. Turton at the end of this month, & so deceeteris.

It is well known from y^{e}. Long Experience of many years that it was ever found Impracticable making any Investment at Vizagap̃. witho^{t}. Contracting with a Sett of Merchants [*a few words lost*] part was advanced before any business [*a few words lost*] those Contracts were perform'd The many [*a few words lost*] upon y^{e}. Gen^{ll}. Books of that Settlement as bad and Desperate Debts are a Convincing proof that the Trade was become too precarious to be continued upon that footing Wherefore to prevent y^{e}. future Consequence of that growing Evill this Hon̄. Board was pleas'd to ord^{r}. us in a Gen^{ll}. Lett^{r}. some time Since that we should not advance any sum to y^{e}. Merch^{ts}. unless at our own perill. THE HUMBLE PETITION OF STEPHEN NEWCOME
SHEWETH

That when M^r. Cooke and the rest of y^e. Gentlemen of the West Coast there found themselves in distress from the Insurrection of y^e. Natives against & Judged it of absolute necessity to save themselves and as many of the People as they could, on board the Ship Metchlapatam, the[y] found her to[o] small for so great a numb^r. of People, and therefore desir'd that a large Boat of Your Petitioners (w^ch. he had built for carrying Bricks &c^t. from York Fort at Bencoolen to Marlbrô) might be employ'd on that occasion; and preserv'd a great many from the fury of the Natives, and others from per[ish]ing [in] the Water as well as the Comp^ys. Treasure, Books, papers &c^t. but in transporting the Comp^ys. Slaves from thence [to] Batavia, the said. Boat was by them run ashore and lost w^ch. being the only thing of value he had saved from the hands of Malays, and cost him near 1000 Spanish Dollars, he hopes Your Hon^r. &c^t. will take this addition to his misfortunes into Your consideration, and make him some allowance for the same, she having been actually employ'd in the Hon^ble. Comp^ys. service at the time she was lost and Your Petitioner applyd to M^r. Cooke and Council at Batavia, for some consideration, who consented to the reasonableness thereof, but referred the matter to the determination of Your Hon^r. &c^t. Your complyance w^th. this Your Petitioner most humble request will [in] some measure alleviate his misfortunes and losses at the West Coast and oblige him

Pedro Parera (lately deceas'd) into our hands, for my not complying w^th. w^ch. I desire to be excus'd for the following reasons.

FIRST because it does not appear to me that any of my Predecessors ever took upon them the administration of any persons affairs, except that of Orphans, or by such as have bequeathd it to them by Will.

SECONDLY because it may be precedent of dangerous Consequence for me or the Church Wardens to concern ourselves w^th. the affairs of persons dying intestate w^ch. commonly are so blended with those of other Mens as to occasion vexatious Law Suits, whereby the publick charitable Fund, commonly calld the Church Stock, of w^ch. we are Trustees, may in time either suffer or be subverted.

BUT LASTLY, what most deterrs me from acting in this Gentlemans Affairs in particular is, that I see You Gentlemen who are so well vers'd in Business so cautiously decline it, and therefore I have determin'd absolutely to refuse it, in this and in all other cases of the like Nature. The Court of Directors ord^rs. to reduce y^s. Garrison to 360 men & F^t. S^t. David to 340. The manner of doe. it consider'd.

The Hon^ble. Court of Directors having in the 25^th. paragraph of their Letter to us by the Marlbrô thought fitt to Order that the Garrison of this place should be reduc'd to 360 men, and the Garrison of Fort S^t. David to 340, The manner of doing it is taken into consideration.

That y^s. limitation is only in time of peace.

It appears to us first, That this limitation is only design'd for a time of Establishd peace, w^ch. is not the case at present, there being by our last advices from Delhy two Princes w^th. large Armies contending for y^e. Empire the Event of which may very probably affect us.

The consequence y^t. may attend y^e. disband^g. our super-numerary forces.

Secondly It appears dangerous to disband the whole number of Supernumerary forces at once even in a time of peace, much more so in a time of famine; Such a number of men must be put upon violent measures, or else be oblig'd to go in a body into the Service of the Moors, w^ch. may be very dangerous to this Settlement.

——*FORT ST. GEORGE, JULY 1719*——

It is Therefore AGREED, That the Presid^{t}. give orders to the Officers [*a few words lost*] a month as he shall think fitt.

Agreed y^{e}. Presid^{t}. give Ord^{rs}. to y^{e}. Officers to disband gradually y^{e}. worst of y^{e}. Topazes.

AGREED, That the like orders be giv'n to Fort S^{t}. David.

Agreed y^{e}. like Orders be given to F. S^{t}. David.

AGREED, that the Storekeep^{r}. do permitt Cap^{t}. Winter to carry the Guns, coales &c^{t}. w^{ch}. he has on board belonging to the Hon^{ble}. Comp^{a}. down to Fort S^{t}. David, it being impracticable to get them ashore within y^{e}. time he is to be dispatch'd thither.

Agreed y^{e}. Storekeep^{r}. permitt Cap^{t}. Winter to carry y^{e}. Guns, Coales &c^{t}. to F. S^{t}. David it being impracticable to get y^{m}. ashore in y^{e}. time he's to be dispatch'd thither.

Mess^{rs}. Horden & Fowke havg. examin'd y^{e}. Stewards representation finds it to be matter of fact, he is permitted to purchase y^{m}. at those rates. The remonstrance Order'd to be enter'd after y^{s}. Consultation.

The long continuance of the Famine wth. the melancholly prospect of its encrease lays me under some more then ordinary necessity of addressing to Your Honr. &ct. on behalf of my People who daily repeat to me their incapacity of serving the Honble. I have therefore stated to Your Honr. &ct. the present prices of Provisions, wth. the advance I propose to raise, wch. I hope will more readily be concurr'd wth. because some of this Honble. ——*FORT ST. GEORGE, JULY 1719*——

To the Hon^ble. Joseph Collet Esq^r.
President and Gov^r. of Fort S^t. George &c^r. Council.

Hon^ble. S^r. &c^r.

The Hon^ble. Court of Directors in their Gen^ll. Letter by the King William having been pleas'd to take notice of the decay in their Customs, I beg leave to lay before yo^r. Hon^r. &c^t. the reasons of it, w^ch. indeed will be no more than a repetition of w^t. I have w^th. great concern been oblig'd verbally in severall Consultations to acquaint this Hon^ble. Board w^th. and the Spring, its too well known arise[s] from the long drought we have labour'd under, but I think it necessary to particularize on this occasion, that the affair may more clearly appear at home to prevent any aspersions.

And First

It is well known that most sorts of Bengall Goods have differ'd near 40 ℔ Cent from what they us'd to be, and even at these prizes few or no buyers, and the Quantitys imported much less than usuall. The Pattans, that [w]ent to S^t. Thomâ, us'd to be our cheif Import^rs. and thô some time after our President persuaded them to return, yet in Consideration of their having paid Customs there, I was oblig'd, (and the Board Agreed) that they should have some favour shown them in y^e. Custom.

Secondly, The Elephants imported here for these two years last past, were not of half the Value they us'd to be, by reason the Own^rs. would gladly have sold them, at any rate almost, rather than maintain them at so great an expence, for rice is their Cheif dyett.

Thirdly, There us'd to come yearly from Ganjam, and our northern ports, a great number of grain Vessels, w^ch. the drought that had reach'd those ports, now prevented, and thô many Vessels were persuaded to come hither w^th. Grain from the Southw^d. yet it was thought convenient for the encouragement of others to import their grain here to be very moderate in the Customs, and thô we took five ℔ Cent upon what we Valued it at yet we agreed that valuation should be at a medium price.

Fourthly, The Persia & Surat trade have faild, and by the drought & Lowness of the Markets of those ports, there has been but little goods imported from either of those places.

The truth of what I have here asserted is so well known to yo^r. Hon^r. &c^t. that I need not add any thing more but my assurances of being

The answer of Rich^d. Farmer to a charge of breach of orders exhibited against him by the Hon^ble. Joseph Collet Esq^r. Presid^t. & Council of Fort S^t. George & deliver'd him July 3^d. 1719.

Touching y^e. acco^ts. of y^e. West Coast.

The occasion of sending the Gen^ll. Books to England on Ship Rochester was thrô. the Provision^ll. accomp^ts. affirming that they were so erroneous that they could not be Ballanc'd as may be seen by his remonstrance at that time presented to the Board, and M^r. [Hi]ngton then likewise producing his Storekeep^rs. acco^ts. w^ch. were so scratch'd & alter'd by M^r. Shilling in entering one sort of Stores for another that he declar'd 'twas impossible for [him] to bring up his Storekeep^rs. acco^ts. or ever make up his remains on the spott, w^ch. I think was very proper the Hon^ble. Comp^y. ought to be Wittnesses of, as they could not agree w^th. the Gen^ll. Books that the blame might not hereafter be thrown on me as my neglect in detecting s^d. affair sooner however as their safe arrivall in England takes off the danger as might be objected, shall submitt to the Hon^ble. Comp^ys. determination in that affair.

——FORT ST. GEORGE, JULY 1719——

The Gen^{ll}. Books was order'd to be Copy'd by the Bookkeep^{r}. w^{ch}. if not done was not my fault it being impossible to be expected that any at the head of affairs can thrôly inspect into all the Gentlemens Employs thô by the King William and the George Brigantine the Consultations, Letters and other Acco^{ts}. were remitted to Fort S^{t}. George, as also a Letter of advices by Cap^{t}. Norgatt in the Elizabeth to Gov^{r}. Collet, but not the Gen^{ll} Books w^{ch}. were behind hand on my arrivall, & being to begin on a new footing it requir'd time to bring them up w^{ch}. was impeded by the troubles in the Country, thô often call'd on the Bookkeep^{r}. to do it, I have gone thus farr in answering in general to the 4 articles of the first head but it can't be expected in reason I should be able to decend to particulars barely by memory wth.out any help or assistance of my Papers, or the respective Diarys or Consultations of those times, it will be excusable on the aforesaid reason.

CONCERN. SHIPS SENT THITHER & TOUCHING Y^{E}. WARRS.

The reason for sending the Europe Ships to Bantall, was of absolute necessity for the preservation of the Hon^{ble}. Comp^{ys}. Settlem^{ts}. in those parts, the Sold^{rs}. at Bantall were most of them sick, and we had none to spare them from Fort Marlbrô Cap^{t}. Irving & M^{r}. Newcome being both out wth. several partys, the one aginst Padree Parremar and the other at Cattown wherefore was obliged to send them to supply the place wth. Provisions and other necessarys, the Command^{rs}. having orders to assist them with men out of their Ships according to their Charter party agreem^{t}. wth. the Hon^{ble}. Comp^{y}. wth.out w^{ch}. countenance & assistance from those Ships those places must have suffer'd wherefore hope my good intention herein will meet wth. the best construction from Yo^{r}. Hon^{r}. &c^{t}.

As for dispatching Ship Hester to England wth.out compleating her Lading, it was occassion'd by the troubles in the Country, and her bringing but ten Tons of Pepper from Benjar towards her Lading, we agreed to dispatch her home conformable to Hon^{ble}. Comp^{ys}. orders to dispatch those Ships first that had lain longest on demorage, and her time being near out the Command^{r}. would not stay any longer then the expiration of his Charter party time, we prepar'd to get our Letters, Consultations &c^{t}. ready to be sent home by said Ship & hope that Affair is not so much a peice of misconduct but upon considerations of the several reasons & misfortunes w^{ch}. at y^{t}. time occur'd, to disappoint our expectation of a sufficient quantity of Pepper, as we should certainly have had, had not been for the troubles in the Country, I may be excusable (as design'd for the best) before our Hon^{ble}. Masters to whose decision shall readily submitt.

As to the troubles occassion'd by Padree Parreamar it happen'd thus, Cap^{t}. Irving told me there was a Padree who liv'd inland wth. the Oran Gunno's, that had Pepper in his Country, had desir'd to come to Bencoolen, & thinking it might be of service to the Hon^{ble}. Comp^{y}. by procuring & promoting the Pepper trade, was thought convenient to permitt him, the first time he came to the Fort, he assur'd me that he had Pepper, Wax &c^{t}. in his Country, for w^{ch}. Commodity I agreed to take of him as much as he could procure at the same rate as the Hon^{ble}. Comp^{y}. paid at Fort Marlbrô, giving him ten Dollars as an earnest to secure all the Pepper he could bring, at his first coming he brought but few People in his retinue who went away to bring the Pepper, about a month after he return'd wth. some Pepper to Bencoolen, when the Oran Gunno's came down every day in small parcells, every one bringing Pepper, Wax or some what else for sale, by w^{ch}. means their numbers encreasing gave us suspicion of some ill design, upon w^{ch}. I desir'd Cap^{t}. Irving to go to him at Bencoolen, to know the meaning of his bringing so many People wth. him, and to tell him I wanted to speak wth. him at the Fort. Cap^{t}. Irving brought answer, that y^{e}. Padree said that most of the People had brought Pepper and other things for sale and that the rest came out of respect to him wth. all saying that he would come to me in the Evening, accordingly he came from Bencoolen towards the Fort wth. a great body of Men arm'd w^{ch}. being apprehensive of not thinking it safe to permitt ther[e] near approach, we beat to Arms, and plac'd a Gun to clear a bridge by w^{ch}. they must pass if they attempted by force to come in, after w^{ch}. Cap^{t}. Irving was sent to

———*FORT ST. GEORGE, JULY 1719*———

said Padree to acquaint him that if he would come in w^th^. a few attendants he might, otherwise 'twas not allow'd him, Cap^t^. Irving mett said Padree on the other side of the Bridge, and deliver'd said message, who upon hearing our Drums beat, and seeing we were prepar'd for him he seem'd much surprized and told Cap^t^. Irving he would come to the Fort, next morning w^th^. a small retinue provided Cap^t^. Irving would come to Bencoolen, and stay at his house as an Hostage for his safe return w^ch^. he of his own accord promis'd to do and accordingly next morning went, and found the Padree endeavour'd to evade his coming to the Fort as agreed on, and by some means or other getting intelligence that the Padree had some ill design against him and seeing the Oran Gunno's getting their Weapons ready, he went out as upon some Business, and retir'd towards York Fort where a small Guard constantly resides, by the time he had well gott there he heard some fireing w^ch^. was done by the Gunno's upon our Buggeeze guards, w^ch^. they return'd, upon this Cap^t^. Irving came riding to Fort Marlbrô crying out to Arms, on w^ch^. the Sold^rs^. were order'd out to meet the Enimy under the Command of Cap^t^. Irving, and Cap^t^. Gorden w^th^. about 50 Men accompany'd him in that expedition where on the plain near Bencoolen, they mett w^th^. some party of the Oran Gunno's, who resisting our People, several of them were kill'd & others endeavouring to escape over the river were destroy'd by our Inhabitants.

About the same time that the Padree was at Bencoolen, Sultan Guillamott enter'd the Country to the Northw^d^. and march'd as far as Cattown to joyn Rajah Quaso, after whom M^r^. Ballet w^th^.out any orders from Marlbrô sent out Cap^t^. Jeddree w^th^. the whole force of the place w^ch^. gave encouragem^t^. to Rajah Mansore likewise to enter the Country w^th^. a strong body of Men and to proceed to Bantall, and he not only burnt the Buzar there, but drove all the people away except Rajah Gondong, the 4 Dattues and a few other Malays who stood by Sultan Cutcheel, all the rest of the Country declaring for Sultan Guillamot, w^ch^. reduc'd the place to such extremity, that we were obliged to take any measures we could to secure it, till such time as force might be spared for their assistance w^ch^. was impossible to be done at that time as has been before related, w^th^.out I should have manifestly expos'd Fort Marlbrô to the like danger by divesting it of its whole strength wherefore was obliged where we had not force to oppose them, to use faire means w^ch^. was the occasion of that proceeding (and not according to the hard construction of opposing y^e^. Establishm^t^. as setled from hence) and it had so good an effect that they not only got provisions in their great extremity, from the Enemy, but likewise preserv'd the Pepp^r^. Plantations in the Country, for the[re] was not one destroy'd during that cessation, thô the contrary is aserted, but that destruction happen'd afterwards when Cap^t^. Irving by M^r^. Cooks order was sent against Sultan Guillamott, to drive him up into the Country w^ch^. made him desperate, and occassion'd that mischeif and loss to our Hon^ble^. Masters, the circular Letter found by Cap^t^. Jeddree at Sublatt fully explains the occassions of the Warr, in w^ch^. Padree Parremar was in confederacy, a translate of said Letter is remitted to the Hon^ble^. Comp^y^. for their perusal to whom desire to be referr'd on this head.

TOUCH^G^. THE SALT AFFAIRE.

I must beg to be excus'd if I deny the charge laid against me under that head, for I never endeavour'd or design'd to engross the Salt trade, but always gave the liberty to Malays, China Men and others, who would bring in grain to receive Salt in Exchange at the setled rates, w^ch^. I take rather to be a supporting than opposing s^d^. establism^t^. and I hope if the bringing Rice and Paddy is thought such an advantage to that Setlem^t^. I might have the liberty of making some small advantage thereby as well as all other persons under the Hon^ble^. Comp^ys^. protection at the same rate as they did espeically when I was inform'd by the Storekeep^r^. (who was the first proposer of it) that 'twas a thing that usued to be done and some advantages made thereby, however it was never so farr given into, as to give any reasonable grounds to that supposition of its being the occasion of the troubles in the Country, for its sufficiently known they arrise from another cause, besides 16000 or 17000

——*FORT ST. GEORGE, JULY 1719*——

Bamboos of Salt, cannot be of that consequence (w^ch^. if it was bought at 25 ℔ Cent) to prejudice the Hon^ble^. Comp^ys^. affairs since it was the Customary price on all Country Goods, sold to their Serv^ts^. out of the Godowns w^th^.out asking what they did w^th^. them besides there was a third part of that quantity dispos'd of and I then gave M^r^. Kington the then Storekeep^r^. repeated Orders to deliver Salt to the Malays &c^t^. on the afor[e]said establishment of w^ch^. I have Wittness, w^ch^. w^th^. the aforesaid reasons I hope sufficiently clear me from the imputation of the 4^th^. head as well as in Your Hon^rs^. &c^t^. Judgment, and I doubt not but it will do the same in the opinion of our Hon^ble^. Masters, whose goodness and encouragem^t^. have sufficiently experienc'd and doubt not still the same continuance.

TOUCH^G^. Y^E^. BUILD^S^. FORTIFICATIONS & REVENUES.

After the troubles w^th^. Padree Parramar to prevent another attempt of the like nature, and to defend the Hon^ble^. Comp^ys^. Estate, Setlements and Serv^ts^. lives and having nothing to trust to but a rotten paggar w^th^.in three foot of the Buildings w^ch^. were all of Timber and other combustible matterialls, 'twas agreed by aprobation of all the Council as well as the Pangorans and Dattues, and thought of the utmost importance to erect a Turf Wall for the safty and present defence of the place as well as security of the Buildings from fire, w^ch^. might have been easily effected by the Enimy by night, and since 'twas impossible to have waited on such an emergency for orders from Fort S^t^. George, I wholy remitt this affaire to the consideration of the Hon^ble^. Comp^y^., not doubting but they will rather be induc'd to approve of said charges, than that I should have hazarded the loss of their whole Estate on the West Coast for want of such a work, for had the head Setlem^t^. fell, the rest must of course w^ch^. were dependant on it, and then the whole blame would have inevitably fallen on me, for not using all manner of meanes for its preservation, of two evils human prudence directs us to the least wherefore hope for the favourable censure of the Hon^ble^. President &c^t^. on his head.

The like work at Bantall was absolutely necessary the Buzarr being their burnt, and the whole Country against them, so that they could not command a quarter of Mile of Ground, and their Paggar in so weak a condition that hoggs and horses came in and out at pleasure (and in some places ready to fall) by w^ch^. the Malays might get in by night, and if not cutt them all off, yet set it on fire, according to their accustomary way of doing mischeif, besides the weakness of the[ir] Garrison w^ch^. could not be reinforc'd at that time by us for the reasons aforesaid, of M^r^. Newcome's and Cap^t^. Irvings being out in the Country w^th^. all the people we could possibly spare, and if my word may be att all credited, I take the liberty to assure y^e^. Board we had so much to do at our own Doors, thro' the occassion of the unhappy troubles in the country, that it was not in our power to help them w^ch^. made it necessary for them to do the best they could for the defence of that place the Workmen being paid in Mony and Goods as Customary.

The Buildings were not in a very good Condition on my arrival w^ch^. the Paymaster had orders to repaire continually on their report of a want thereof, w^ch^. I take to be the usual method taken in such matters, having issued out mony sufficient for that purpose, as will more throughly appear, recourse being had to the Paymaster's Acco^ts^. charg'd on the head of Repairs at Fort Marlbrô and the same at Moco Moco, w^ch^.was never stop'd nor hinderd, but the troubles in the Country prevented the bringing in Materials, for carying on said work, w^ch^. is all the reason I ever was acquainted w^th^. for its not proceeding forward.

The Brick house bought of M^r^. Ellill was thought to be of use on many occasions but especially in case of an accident whereby we had been obliged to have brought Provisions &c^t^. up to the Fort, for it was the only Brick building we had near for security of such things, w^ch^. was one motive, thô the Cheif was its being built by M^r^. Shylling (of the Hon^ble^. Comp^ys^. Materials, as we afterwards found w^th^.out any Order or leave from the Board) for M^r^. Ellill, and in the latter part of M^r^. Shyllings time, on a difference between them it was charged to him, but he not having

——*FORT ST. GEORGE, JULY 1719*——

wherewth. all to pay for the materials, I was the rather induc'd to consent to the payment of what he had layd out thereon, than that the Comp^{y}. should receive from their Interest therein, and on the other side I think it would not have been just, to have taken it wholely from M^{r}. Ellill wth. out making him satisfaction for his part w^{ch}. was desir'd but at prime cost, w^{ch}. is the true reason of that purchase and shall humbly submitt to Your Hon^{r}. &c^{t}. favourable and candid censure.

As to the Gaming License, on my arrival the Pangorans brought me several Papers, w^{ch}. the Supervisors and Deputy Gov^{rs}. had granted and Confirm'd that priviledge for many years, they then said that if the Gaming License was taken from them, they would let all their Pepper Plantations run to ruin w^{ch}. they said they would have done on M^{r}. Shyllings taking it from them but being advis'd that a Deputy Gov^{r}. was com they bore it in hopes of a redress and finding them resolutely bent to have persisted in their design 'twas then thought fit by the majority of the Board to grant them their ancient priveledge as at large inserted in our Consultations on that affaire w^{ch}. is transmitted to the Hon^{ble}. Comp^{y}. and as for the Anchorage on Prows w^{ch}. was esteem'd as a hardship by the China Men and the Hon^{ble}. Comp^{ys}. Orders being to encourage them as much as possible, to draw them to the place I can't say any more thereto for want of the liberty of surveying the necessary papers relating to that affaire, it being so long since the transaction of that affaire, that tis almost impossible I should be able to give an acco^{t}. thereof by my memory.

TOUCH^{G}. GOODS S^{D}. TO BE D^{D} IN PAYM^{r}. TO Y^{E}. BUGGEEZES, MALAY WORKMEN AND CLOATH^{G}. THE HON^{BLE}. COMP^{YS}. SLAVES.

I beg to be excus'd from saying anything to this Article, wherein the Paym^{t}. of the Buggeeze and Malay workmen is said to be made by me in Cloth, before I have the Inspection of the Books and Papers relating thereto but this I can say, that I [know] of no inovation that way, but everything in that kind was transacted according to the usuall manner, as I believe the Acco^{ts}. will make appear when compar'd on wth. another.

The Slaves not being cloathed wth. Goods from the Hon^{ble}. Comp^{ys}. Warehouse, was occassion'd by the Warehouskeep^{r}. report to the Board, that he had not proper Goods of the Comp^{ys}. for that purpose, therefore he was Order'd in Council, to purchase them were he could and beleive the Hon^{ble}. Comp^{y}. cannot be agains^{t}. by those sorts of Goods of one any more than another and had they not been Cloathed twice a Year as usuall, their clamours as well as disorders might have proved of ill consequence, in their desertion as well as other ways, every Body knowing the difficulty of keeping them in due obedience from running away upon any discouragem^{t}.

TOUCH^{G}. THE SUSPENS^{N}. OF MESS^{RS}. SHYLLING & GARRET.

The suspension of Mess^{rs}. Shylling and Garret for sundry abuses by them committed against the Hon^{ble}. Comp^{y}. and pursuant to my Covenants wth. my Hon^{ble}. Masters, of sending home any that were detected of defrauding them, they were sent to England to acquit themselves before the Directors, wth. the depositions, vouchers and charge against them, none of the Counc^{ll}. the[n] making any objection, leaving this affair to the determination of the Hon^{ble}. Comp^{y}. to w^{ch}. shall submitt, and as to my offering M^{r}. Newcome a present of 400 P^{s}. to the best of my Memory I solemly declare I never desir'd M^{r}. Ellill so to do nor had I any reason for it, as to the Dividend of Goods in partnership wth. M^{r}. Shylling I thought it but reasonable to take the Course Goods I brought wth. me from Fort S^{t}. George for my proportion.

As to the hermitage house, for my Moiety M^{r}. Shylling charg'd me 700 P^{s}. w^{ch}. upon examination the whole was found to cost but 800 P^{s}. said house was bought by me at publick Outcry for 700 P^{s}. w^{ch}. upon laying the case before they thought it but reasonable to allow M^{r}. Shylling 100 P^{s}. more and to take the house to myself.

——*FORT ST. GEORGE, JULY 1719*——

The papers of Mr. Shylling was in my Custody to recover some Debts from the Malays, in order to pay his Creditors and not kept thrô any fraudelent design, as appear'd by my delivery of the Mony Bills w^th^.out con[s]traint.

As to the Bonds between Messrs. Elliil, Morris and myself they were made only for the defence of each other, in a fair just and hon^ble^. way, as reference being thereunto had will appear, and not in opposition to the Governm^t^. of Fort S^t^. George, the nature of said Bonds will demonstrate whether their was any necessity, for my offering to take an Oath to conceal them.

GENTLEM^N^.

Having answer'd the charge exhibited against me, in the best manner the present posture of my affairs will permitt, and having no asistance from my papers, books or any thing but my memory, w^ch^. thrô this 12 months trouble and removealls has been so much harrast, that tis next to an impossibility I should be able to do it to that effect, and in my own defence so fully as I intended, yet I leave the whole decision of these affairs to the Hon^ble^. Comp^y^. and the Laws of my Country, therefore having been dismist the Hon^ble^. Comp^ys^. service by You I demand the liberty to go to England by the first Ship, to seek a redress for those losses and hardships I have met w^th^. in the discharge of my Duty.

RICH^D^. FARMER.

WHEREAS The Hon^ble^. Joseph Collet Esq^r^. Presid^t^. & Gov^r^. &c^t^. Council of Fort S^t^. George were pleasd to order (in Consultation the 6^th^. of this Instant July).

That one Thousand Spanish Dollars should be paid to [me] at the rate of 15 Dollars ℔ ten Pag^s^. in consideration and full satisfaction for a vessel belonging to me w^ch^. was taken up by M^r^. Tho^s^. Cooke and Council of the West Coast to preserve the Hon^ble^. Comp^ys^. Treasure and Stores from the hands of the Natives, on the expulsion of the English from thence w^ch^. said Vessel was ran on Shore by their Slaves in going from Bencoolen to Batavia and lost, AND WHEREAS They have made the condition of the aforesaid payment such, that in case the Hon^ble^. Comp^y^. should disapprove there making me that allowance, I would oblige myself to refund the whole or any part thereof as they shall think to order.

I do hereby bind myself, my Heirs, Executors or Administrators for the Complyance herew^th^. and do acknowledge to have rec'd the Sum of six hundred sixty six Pag^s^. twenty four fanams (being in full of one Thousand Spanish Dollars at the rate at 15 Dollars ℔ ten Pag^s^. as allow'd me) of the Hon^ble^. HON^BLE^. S^RS^. &C^T^.

The Hon^ble^. Court of Directors in their Gen^ll^. Letter ℔ the King William haveing been pleasd to take notice of the decay in their Customs I beg leave to lay before Your Hon^r^. &c^t^. the reasons of it, w^ch^. indeed will be no more then a repetition of what I have w^th^. great concern been obliged verbally in several Consultations to acquaint this Hon^ble^. Board w^th^. and the Spring its to well known arrises from the long drought we have labourd under but I think it necessary to particularize on y^s^. Occasion that the Affair may more clearly appear at home to prevent any aspersions.

——*FORT ST. GEORGE, JULY 1719*——

First its well known that most sorts of Bengall goods have differ'd near forty ℔ Cent from w^{t}. they usd to be and even at these prizes, few or no Buyers, and the quantities imported much less then usual.

The Pattarrs that used to be our cheif importers went to S^{t}. Thoma and thô some time after our Presid^{t}. perswaded them [to] return yet in consideration of their having paid Customs there I was obliged (and the Board agreed) that [they] should have some favour shown them in the Custom.

Secondly The Elephants imported for these two Years last past were not of half the Value they used to be by reason the Owners would gladly have sold them at almost any rate rather then maintain them at so great an expence (for Rice is their cheif diet).

Thirdly There used to come Yearly from Ganjam and our Northern Ports a great Number of Grain Vessells, w^{ch}. the drought that had reachd those parts now prevented and thô many Vessells were perswaded to come hither wth. Grain from the Southward, yet it was thought convenient for the encouragement of all others to import their Grain here to be very moderate in the Customs and thô we took 5 ℔ Cent upon what we valued it at yet we agreed that Valuation should be at a Medium price.

Fourthly The Persia and Surat Trade have fail'd and by the drought and lowness of the Marketts of those Ports, there has been but little Goods imported from either of those places.

The truth of what I have here inserted is so well known to Your Hon^{r}. &c^{t} that I need not add anything more but my assurances of being

The last Consultation day I requested leave to go [to] England, in answer to wch. I recd a note from Mr. Draper the Secry. that said favour was denyd by the Board, but being necessitated to make a second request, I hope Your Honr. &ct. wll. be induced to grant me that liberty for the following reasons.

1st. That my fortune and Estate being ruin'd I must inevi[tably] starve wth. my Family.

2dly. Because the most material Articles of my Charge as well as the Vouchers wch. would clear me are before the Honble. Compy.

3dly. Because my Papers being seizd by Mr. Cooke I have nothing but my memory to trust to for my Defence wch. therefore can neve[r] be so full as it ought.

Hon^{ble}. S^{r}. &c^{r}.

Having had Your Hon^{rs}. Orders to discharge a great many of the Garrison w^{ch}. shall be punctually obey'd we pers[ume] to lay before You, the inconveniency of reducing it to so low as three hundred and sixty that number not being sufficient thô all at once upon Guard, also it [is] hoped Yo^{r}. The number of our constant Guards are sixteen and in time of troubles Nineteen and since our Garrison is like to be small we must throw them all upon Duty; We hope your Hon^{r}. will think twenty Men on each Guard as few as we can have. The main Guard must at least have fifty Men because of the number of Centrys, and one Serjeant and two Corporalls is the fewest can be plac'd on any Guard, Commission Officers guards must have more, This numb^{r}. much exceeds what Yo^{r}. We are perswaded your Hon^{r}. knows the great advantage we had when we was threatned by the Moor's from our Garrison of Egmore, that they seemd frightned at the name of it even at Arcot.

THE HUMBLE PETITION OF IGNACIA FERARA

HUMBLY SHEWETH

That Your Petitioner abot. 6 Years ago was an Inhabitant of Macao, & married to a woman of that City before wch. Yor. Petitioner used to sail from Port to Port to gain a livelyhood by Merchandizing, & continued in that course many Years after in one of wch. Voyages he rec'd a Letter from the Person yt. he left his Attorney at Macao advising the death of his Wife, & wth. it a particular Accot. of her Effects wch. he took in his possession, at the time of her death, He advis'd likewise yt. he had made a Will, & Order'd that all ye. Effects Yor. Petitioner had wth. him & wt. she was possess'd of should be divided in halves, One half she claim'd as her own, & left sevll. Legacys wch. when paid ye. remaindr. of that half she left Yor. Petitioner.

Some time after Yor. Petitioners Affairs ingag'd him to come to Madrass, where, & at St. Thoma he continued a considerable while before he heard anything in relation to his Wifes Will, at last an Christian Fiory arriv'd wth. powers from Macao to recover of Yor. Petitior. ye. Legacys left by his Wife but Yor. Petitionr. & he not agreeing in some points, it was propos'd by the sd. Christian Fiori to ye. the affair tryd by the Ovidore of St. Thoma to wch. Yor. Petitionr. assented, Christian Fiori then proceeded in form by Petitions. ye. Ovidore to try the cause, & producing his honrs. & other necessry. paprs. wch. being numerous gave Yor. Petitionr. much trouble in replying to ym. after wch. he could not doubt yt. ever Christian Fiori intended to dispute farther after Judgemt. was giv'n, but Yor. Petitionr. finds yt. his design was only to agree in case he liked what was adjudg'd for after a tedious Tryall & the Ovidores judgemt. pronounc'd at St. Thoma, he immediately went to Madrass, and apply'd himself to the Mayors Court, had Yor. Petitionr. known his intent before ye. Tryll. aforesd. he should not have given himself so much trouble, but apply'd himself at once to the Court for wch. he had allways the greatest respect.

Christian Fiori having Petition'd the Worshipll. Mayor & Aldermen to hear his case they were pleas'd to Yor. Petitionr. to appear in Court or Employ an Attorney to act for him, at first he was very loath to do either because his consenting to have the affair examin'd after ye. Ovidores judgment was an affront to him, & he was apprehend of his doing him a prejudice, but on consideration that yr. Commands ought to be obey'd he did so accordingly.

The first day Christian Fiori's Petition was read advising an Order for Yor. Petitionr. Paying the Legacys aforementioned Wch. Yor. Petitionrs. Attorney reply'd that ye. affair had been examind at St. Thoma & produc'd the whole tryal to the [Bench] wch. they were of ye. following opinion. The defendants Attorney declareing yt. this case between them had (by the request of the Plaintiff) being examin'd

———*FORT ST. GEORGE, SEPTEMBER 1719*———

into at S^{t}. Thoma & judgm^{t}. given there the Bench are of Opinion y^{t}. on producing the Translates of such requests, Examination, & judgm^{t}. y^{t}. this Cause Ought to be dismiss'd, and therefore Order'd y^{e}. s^{d}. Attorney to deliver in the Translates next Court day.

Accordingly the Translates were produc'd and read, but on Christian Fioris declaring to them y^{t}. at y^{e}. very time he Petition'd the Ovidore for his cause to be examin'd at S^{t}. Thoma, he intended to bring it into the Mayors Court well knowing that the Ovidores determination was invalid as he acted by no Legall Authority, It was Order'd that the whole affair should be examin'd.

Your Petition^{r}. now beggs liberty to acquaint Yo^{r}. &c^{t}. y^{t}. at y^{e}. time he married Martina DRosa he enterd into no Contracts wth. as usual among the Portug^{z}. nor had she any Mony or Effects y^{t}. she could lawfully call her own so y^{t}. according to the Laws of England could not make a Will in Yo^{r}. Petition^{r}. Life time in this point there is a difficulty in the Portug^{z}. Laws, & so great a one, y^{t}. Yo^{r}. Petition^{r}. is well assur'd y^{t}. none of his Nation here, are Lawers enough to make it dear w^{ch}. Yo^{r}. Petition^{r}. should not have mention'd for an advantage had Christian Fiori dealt generously by him but rather chose to pay w^{t}. y^{e}. Ovidore Order'd in affection to his Wife, had he agreed thereto. But to proceed.

The next Court day y^{e}. affair was reheard & Yo^{r}. Petition^{r}. did not doubt as a re-[e]xamination had been permitted y^{t}. it was in order to try the Matter according to the Laws of England, but was surprized wth. y^{e}. rec^{t}. of the following lines from the Attorney.

The Bench being satisfy'd that y^{e}. Laws of Portugall admitt Wife to make a Will in her Husband's Life time do agree that Martina DeRozas Will is good & therefore Ord^{r}. y^{t}. the Defend^{t}. give an Acco^{t}. upon Oath of what Effects & Mony he was possess'd of at y^{e}. time of her Death, & that he pay the cost of y^{s}. Suit.

Without making y^{e}. least complaint Yo^{r}. Petition^{r}. deliver'd of all y^{e}. Mony & Effects y^{t}. were his & his Wifes at the time of her death before w^{ch}. he had met wth. misfortunes & offer'd his Oath to y^{e}. truth of the same w^{ch}. thô agreeable to the last Ord^{r}. was term'd a Rediculous Business & Judgm^{t}. given against Yo^{r}. Petition^{r}. to pay all the Legacys wth. cost of Suit w^{ch}. Amo^{ts}. to five times more Mony, than Yo^{r}. Petition^{r}. had at the time of her Death.

Yo^{r}. Petition^{r}. therefore wth. all submission appeals to Yo^{r}. Hon^{r}. &c^{ts}. better Judgm^{t}. of the affair & beggs to be excus'd for giving You so much trouble w^{ch}. he shall end after having added a few Lines to request that if it should so please Y^{o}. to Ord^{r}. Paym^{t}. of the Legacys as far as the Paym^{t}. of y^{e}. Estate will come out deducting Funeral Charges y^{t}. he may recover the cost of Suit Orderd to be paid in the Mayors Court since it is no more then w^{t}. he consented to at S^{t}. Thoma.

However Yo^{r}. Hon^{r}. &c^{t}. shall decide this Affaire, Yo^{r}. Petition^{r}. will wth. all readiness obey the Judgm^{t}. & as in Duty bound

Ever pray for Yo^{r}. Health & Prosperity.

Gen^ll^. Letter from the Deputy Gov^r^. and Council of Fort S^t^. David dated the 8^th^. Instant read, advising the death of M^r^. Holmes Surgeon of that place.

——FORT ST. GEORGE, SEPTEMBER 1719——

ORDER'D That Mr. Wyche go down overland as soon as he can get himself in a readyness, to supply Mr. Holmes's place of Surgeon there.

Dr. Wyche to supply his place.

The Secry. acquaints the Board, that he is informed by the Attorney of Ignacia Fereira, that the charges of the Suit in the Mayors Court between him & Christian Fiori are paid.

The Secry. reports that Ignacia Fereira has pd. the charges of the Mayrs. Court.

AGREED, That we examine into that affair on Monday next, & that the Secry. acquaint the attorneys of Ignacia Fereira, & Christian Fiori, that they must attend the Board, together with their Respective Clients.

That affair to be considd. on Monday next & the parties concern'd to be all present.

The Examination into the Severall Claims made by the Sufferers from the King of Acheen, having in Consultation the 13th. of July, been deferr'd on accot. of the Queens dispatch, the Board do now think proper to enter upon it, in order to which, the Secry. produces the severall demands deliver'd him, wch. are as follow.

The Acheen affair Consider'd the Sevll. claims produced Vizt.

One from Mr. Hastings Owner of Ship Francis, sent two years since to Acheen for Pags. 13715, being so much he lost by the King of Acheens injurious Treatment of the Supra Cargo's, with whom the Ship & Stock were intrusted, & by severall impositions, such as Custom &ct. set forth at large in a remonstrance Sign'd by the said Supra Cargo's in behalf of their owner, wch. was read & Consider'd.

Mr. Hastings. as Ownr. of the Francis for Pags. 13715.

A Petition from Cojee Zachary read setting forth, that he wth. some others was concern'd in a stock of Pags. 12000 on the Ship Messiah wch. was plunder'd by the King of Acheen, & that he desires a dividend of the Acheen prize on that accot. but it being evident to the Board, that he did not lose that entire Sum, because the Gold actually taken out of that Ship did not amount to so much, & others were concern'd in it, he is Order'd to bring in a more exact accot. of his loss, before we admitt of his claim.

A Petition from Cojee Zachary read setting forth his claim in [Acheen] pz.

Capt. Boddam makes a demand of 2 Catty, thirteen Buncall of Gold taken out of said ship Messiah, belonging to him, which he makes appear to the Board by producing Christopher knoes the Capt. his rect. and acknowledgement for that sum.

Capt. Boddam makes a claim for 2 Catty 13 b. of Gold.

The President as Attorney for Edward Harrison Esqr. makes a claim of Pags. 500, being so much he actually lost by the persons plunder'd by the King of Acheen, to whom he had let a considerable sum at respond. wch. they were disabled from paying by being robb'd of their effects so that He was oblig'd to compound wth. them for Pags. 500 less than their Debt to him.

The Presidt. as attorney for Edwd. Harrison Esqr. claims Pags. 739 : 16 : 20.

The President likewise demands for Edward Harrison Esqr. Pags. 239 : 16 : 20 being so much he recd. short of the principall of an adventure sent to Acheen ℔ the Messiah, consign'd to Adrian Willeboorts, of wch. the said Willeboorts was plunder'd by the King of Acheen.

Adrian Willeboorts presents a Petition setting forth, that He was Supra Cargo of the ship Messiah, and took up a Considerable sum of mony at respondentia, wch. he invested in Goods, and carried to Acheen, of wch. he was plunder'd there, & was nevertheless oblig'd by order of the Mayors Court here to discharge all his Bonds & debts in full, wch. amounted to Pags. 1339. 18, as appears by a list produced, and vouchers agreable thereto.

Adrian Willeboorts claims for Pags. 1339 : 18.

Adrian Willeboorts likewise delivers in an accot. Curt. between him & Mr. Griffith, wch. has no relation to the Acheen prize, & therefore rejected.

A. Willeboorts likewise claims an accot. of Peter Griffith, but is rejected.

——FORT ST. GEORGE, SEPTEMBER 1719——

The ordr. of Cons. for makg. the Seizure revised whereby it appearing that it was solely in Satisfaction for a large quantity of Gold taken out of the Ship Messiah.

The Board after reading & Considering the severall claims aforemention'd, thought it proper to look back to the order of Consultation for seizing the Acheen Prize, in order to determine how far the severall demands made upon it may be allowed to extend; Accordingly the order made ye. 3d. of Septr. 1717, was produced, & read, whereby it appears that the Seizure was made expressly in satisfaction for a large quantity of Gold taken out of the Ship Messiah, belonging to this place in the road of Acheen by ye. Kings order for which a demand had been made by our late President in his letter sent by ship Francis dated ye. 12th. of July 1716 to wch. the King of Acheen has return'd no answer.

The board resolve thereupon to exclude all those that were not Concern'd in ye. Gold from a share in the said prize.

Upon mature deliberation, & consideration of the foregoing order The Board think themselves restrain'd from admitting any claimants to a share in the Acheen prize aforemention'd, that were not Concern'd in ye. Gold taken out of the Messiah by the Kings order, because the Capture of that prize was made solely in satisfaction for that injury, exclusive of all others, and do therefore

RESOLVE to Reject such of the claims beforemention'd as do not come within that limit, and to make a dividend of the said prize so soon as Cojee Zachary produces an exact accot. of the loss he sustain'd by his part of the Gold seiz'd at Acheen, wch. he is order'd to deliver in, in ten days time, or else be excluded from any proportion thereof.

The Disposal of the broad Cloth considerd and Effected.

The next affair the Board think proper to be consider'd of is the disposal of the broad Cloth upon hand, in order to which both setts of Merchants were call'd in, and after many Expostulations, were prevaild upon to take off the following sorts & Quantt ys at 30 ℔ Cent advance upon Invo. to be paid for in cloth.

Fine Sca[r]let 20 bales Do. Crimson 2 bales, Do. yellow 53 bales, Do. Green 140, Do. Aurora 35 bales, Do. red 110 bales, Do. blew 10 bales, perpetuano's fine 28 do. Ordinary 50 Do.

The Merchts. objected to the Scarlet, Crimson, & yellow, & almost absolutely refus'd the Blews, urging that it was impracticable to sell it at present withot. loss: they likewise objected to both sorts of the perpetuanos, but being encourag'd by the largeness of the Investment this year consented to take ym. all off upon the terms aforemention'd, & the Warehousekr. was order'd to deliver them accordingly.

The Washers having been very urgent for an advance in the price of Washing, & alledging that they can't Subsist upon the Present Prizes, wch. the board are satisfy'd of, & are willing to consider them, tho loath to raise the Prizes on accot. of the difficulty there will be to lower them again It is therefore Agreed to.

The Presidt. represents that the Washers have been very urgent wth. himself and the Warehousekr. to make some addition to the price of Washing on accot. of the great scarcity of Rice, alledging that at the present prizes they were not able to Subsist, and that in Genll. they were so weak for want of Food that they could not wash the usuall quantity especially of the heavy cloth, of wch. they have a great deal on hand; The truth of their allegations is but too evident, however we thought it an ill precedent to raise the prizes for washing, it being difficult to lower ym. again, and yet it seems necessary so far to comply wth. their request, as to give them an additionall allowance of Rice.

give them as a free Gift 3 Garse of Rice for their encouragemt. undr. their distress.

AGREED that three Garse of Rice be ꝺd ym. by the Warehousekr. as a present for their encouragemt. under their present distress.

TO THE HONBLE. JOSEPH COLLET ESQR.
PRESIDENT & GOVR. OF FORT STI. GEOR. &CT. COUNCIL.

HONBLE. SR. &CT.

In obedience to your order of the 21st. ultº. we shall now lay before your Honr. &ct. an account of the Salt provisions, a store of which has been always thought necessary to provide annually for the Security & Service of the Garrison, and for sevll. other occasions.

The Store we had remaining in May 1715 wth. what we recd. by the Mary Buoyer that year from Bengall was 12 Casks of beef and 43 Casks of pork and the year following in 1716 we recd. by the King George and Prince Frederick from thence four Casks of beef & 25 Casks of pork, wch. is 16 Casks of beef and 68 Casks of pork the whole amounting to Pags. 2167. 35. 5. of wch. by the Stewards report, and a Survey thereupon taken in March 1716/17 there was found eleven Casks of beef and 15 Casks of pork decay'd and spoild amounting to Pags. 660. 20. 11. and was accordingly wrote off in our books to Proffit & Loss.

Upon this loss it was resolv'd to demand no more salt provisions from Bengall, but that for the future what was absolutely necessary for the Garrison, should be pack'd up by the Stewd. here, which in all likelyhood will prevent any more such considerable losses, since by experience our provisions salted, and pack'd here is found to keep better, than what we have lately had from Bengall of which there is two Leaguers of beef, and 16¼ Leaguers of pork more decay' & spoil'd, which

——FORT ST. GEORGE, OCTOBER 1719——

amounts to Pag^{s}. 617. 18. —. and is wrote off to Proffit & Loss in June last, the acco^{t}. is as following.

D^{R}.	PROVISIONS FOR THE GARRISON				C^{R}.		
For 16 Casks of beef & 68 Casks of pork rec^{d}. from Bengall	2167	35	5	For loss by Waste	1278	2	4
				For what expended and sold	889	33	1
					2167	35	5

There appears to be a large quantity of this salt provisions lost, and therefore we presume, it was not so carefuily, and wellcured in Bengali, as it ought to have been, thô some loss there must unavoidably be, upon its lying any long time; When it so happens there may not be occasion for any large expence of it, or an opportunity of disposing of it for victualling the ships. ——FORT ST. GEORGE, NOVEMBER 1719——

The Secry. having pursuant to order of last Consultation, demanded of Suncah Ramah &ct. Renters of Trivatore &ct. Villages the 12 mos. rent due upon their Cowle, they now appear, & deliver in their accots. of the produce thereof, whereby it appears that they have actually yeilded no more the last year than Pagodas Nine Hundred Ninety Nine, fifteen fanams and Ten Cash, and there being provision made in their cowle (as usuall) for abatements in case of Famine, Devastation by war &ct. (the former whereof is the present case) the Board think themselves oblig'd by their Agreement to accept that sum in full of the last 12 mos. rent thereof, and do therefore Order a rect. to be giv'n the Renters accordingly.

Demands made upon Suncah Ramah &ct. renters of Trivatore &ct. Villags. the produce being but Pags. 999. 15. 10 by Virtue of yr. Cowle, we were oblig'd to take it as a 12 mo. rent.

Accords. to ordr. of last Consultation Vizago Choultry Dubash was brot. before the Board on his tryal for Extorting exorbitant fees beyond wt. had ever been practis'd, particularly on the Register of Slaves ; the most that had ever been allow'd was 20 fans. in the whole, including ye. Comps. duty, whereas he had obliged great numbers of people to pay him 24 fans. and took ye. 4 fans. to his own use, also in House bills register'd at ye. Choultry, where the true fees are Pags. fas. 2. 2. ℔ Cent, he extorted Pags. fas. 2. 18. and in many instances a larger proportion, and also in House bills register'd at ye. Court, He extorted in Genll. abot. 16 ℔ Cent above ye. usuall Fees, and that besides the abovemention'd, he has been guilty of great Neglect in his office, by putting off the poor people, and refusing to do their bus'ness.

Vizago Choultry Dubash brot. before the Board to his Tryll. for Exhorbitant Fees beyond wt. was ever practis'd.

A great number of Persons of all ranks appear'd to prove the severll. branches of the charge, but there was no occasion to hear any witness except to the last article, he confessing all the rest on their being propos'd to him ; Some Witnesses were call'd for the proof of that, who very fully convicted him of delay, and putting off their business from time to time witho. any reasonable Excuse.

Persons of all ranks appear'd to prove ye. severll. Branches of ye. Charge.

The Prisonr. and Witnesses being withdrawn, It was consider'd that the practise was in itself scandalous & abusive, and particularly oppressive to the poor many of them being oblig'd in this time of famine to sell their children for rice, and the extorting 4 fans. in ye. fees was a considerable hardship on them ; That therefore it was necessary to put a stop to such abuses by making the Offender a publick Example, and accordingly it was,

'T was considerd yt. such practices was in ym. — selves Scandulous & abusive [&] twas propr. to put a stop to such abuses &

Resolv'd that Vizago the Choultry Dubash aforemd. be turn'd out of the Honble. Comps. Service, and disabled from any future employmt. therein, That he stand in the pillory the next Choultry day, and that he be fin'd Five hundred Pagodas, One half to be paid to the Charity School, and the other half to ye. Choultry Stock for the maintenance of prisoners.

therefore Resolv'd Vizago ye. Choultry Dubash be turn'd out of ye. Compy. service yt. he stand in the Pillory next Choultry day & yt. he be find Pags. 500.

The Criminall being call'd in, sentence was pronounc'd accordingly.

Criminall call'd in and Sentence pronounc'd.

To prevent such abuses for the future It is

Order'd That the after written Statement of the Choultry fees being agreable to ancient Custom, be hung up in the Choultry by the Cheif Justice.

The President acquaints the Board that Cap^{t}. Misenor, had desir'd him to procure an order from the board for landing and garbling the pepper w^{ch}. had not been garbled at Benjar He therefore propos'd to the Board to consider whether it would be for the Comp^{s}. Thirdly, That it will oblige us to detain the ship a considerable time the longer, and thereby increase the charge of Demorage.

3dly. It will detain ye. Ship a considerable time longr. & thereby encrease ye. demorage.

The President also acquaints the board, That he had some time since publish'd an ordr. for Registring all houses and gardens in the black town, or the adjacent parts in ye. Mayors Court or Choultry for prevention of frauds in sales and Mortgages, but that some of the poor having complained to him, that during the present dearness of grain it would be hard upon them to pay the charges, though small

An Ordr. some time since publish'd for Regisg. all Hos. Gans. in ye. black town or adjacent parts in ye. Mys. Court or Choultry but ye. Poor makg. heavy complaints on Accot. of ye. dearness of Grain

He therefore proposes that all Houses undr. Fifty Pagodas Value should be Exempted from the obligation of that order, till Plenty returns, wch. the Board agrees to.

To THE HON^{BLE}. JOSEPH COLLET ESQ^{R}.
PRESID^{T}. & GOV^{R}. OF FORT S^{T}. GEORGE &C^{T}. COUNCIL.

HON^{BLE}. S^{R}. &C^{T}.

In obedience to yo^{r}. Commands I have survey'd all the Fortifications and buildings in the Hon^{ble}. Companys bounds at Fort S^{t}. David, with M^{r}. Tho^{s}. Wright the Paymaster and M^{r}. Tho^{s}. Launce the Gunn^{r}. and Surveyour there, and find what done, and remaining to be done Viz^{t}.

At the Fort in y^{e}. North East Bastion the Gov^{rs}. house, Servants lodgings, with those for the military, the Gunroom and Armory, Storehouses, and Godowns finish'd, there remains the Square opposite to the Sorting place to be built, with the needfull Godowns Cookroom &c^{t}. the foundation of w^{ch}. is laid, and the timber work ready: In the Sorting place that part to the Southward I find very much decay'd for want of being well timber'd; there are prisons and other necessary Godowns wanting along the North Curtain, where the old barrucks for the Soldiers now stand; The East Curtain & South East bastion not yet begun, but the Parapet of the South Curtain compleated; the two Gate ways are to be made new, and a bridge to the Front gate when the Moat of water is cleansed and over the back Gate is to be built the Chappell; a proper building for workmen is made 76 yards distant from the North East bastion with rooms for the Sub Paym^{r}. the Stores and workmens tools; the bridge between the Fort and the Callaway is so much decay'd, that it requires to be new built; on the side of the ditch towards Tevenapatam town some fences of Caldera, Milkhedge &c^{t}. to be made to keep the water from the Town, and also to defend the part going from Body Chittys choultry to Upliwaddy.

At the garden the walls round are finished A new stable wth. a room for the Groom, and horse furniture is made for 24 horses, the old one tumbling down, there's also rebuilt the upper part of the small lodging room, on the South West Side of the

garden where the White Aunts had destroy'd the buildings; opposite to the North West may be made a pidgeon house, in the room of that pull'd down in the Fort, to make the buildings uniform.

There's wanting a verando at each Side of the Garden gates to Shelter the Soldiers.

The wall of the burying place in y^e^. Callaway is compleated.

The edge of the bounds is secur'd well by the hedge and Palmeira trees, being well grown, and clos'd together, and y^e^. points that way would have been min'd as yo^r^. Hon^r^. &c^t^. order'd, but for apprehending of danger by that work of their falling down, but upon reviewing them I find it practicable; I likewise observe that the middle and tail points lie open and liable to Surprize, w^ch^. may be remedy'd by building a small brick compound.

The Guard house at Trepopilore is in a falling condition, and according to order should have been remov'd to the edge of the bounds if other necessary work had permitted so that remains to be done, & herew^th^. I present a draught.

Chemundulum Choultry is a Guard of twenty men and an Ensign, but lies very open, and consequently in danger of being Surpriz'd, which may be remedy'd by building a small wall round it.

Upon reviewing Condapah Choultry I find it very much out of repair.

There is a Choultry at Bandipollam built to secure the cloth from the Weather, and other accidents; The Guard at Bandipollam is in a very bad Condition, and requires at present a yearly charge to keep the mudd Walls in repair, w^ch^. if faced with brick would Secure it, and put a stop to that Expence.

The Fortifications in Cuddalore I find as follows, The Ravelin at Mollimo, The Demi Ravelin at Porto Novo w^th^. the Porto Novo Point; the room for the Ensign, and the Curtain wall from thence to Chillumbrum point finish'd; Chinjee point is rebuilt, & the Curtain from thence to Trivadee, and to Golcondah finish'd, the Gateway is remov'd as was order'd, and the Guard house w^th^. y^e^. officers Lodgings, prisons &c^t^. for the Main guard, compleated, Golcondah, and Dieu Points w^th^. the Curtain all finish'd, and the Wall from Dieu to Metchlapatam point carry'd on four feet high; The round Redoubt is to be demolish'd and the materials bro^t^. to this work.

There now remains to be done Metchlapatam and Vizagapatam Points, near the Ferry boat w^th^. a Ravelin near the Factory; Porto Novo Gate to be alter'd, and Chellumbrum Gate to be remov'd, Chellumbrum bastion to be rais'd, and min'd w^th^. Trivadee & Vizapore and Magazines at every other bastion all round; The Curtain wall to be rais'd about two feet from Chellumbrum to Chingee, and a foot bank to be made all round.

The ditch on the West C. Side of Cuddalore to be cleans'd.

The Factory and buildings adjoining thereto remain to be done, and the old Warehouses will serve for part of the foundation of that Ravelin.

The Land Custom^rs^. choultry and burying place compleated.

The Doctor complaining for want of room for sick men in the Hospitall, the addition he requires to have made will cost about Four hundred pagodas.

These are the remarks of the buildings and Fortifications in Fort S^t^. David and Cuddalore, w^ch^. are humbly offer'd to your Hon^rs^. &c^t^. Consideration by him who is w^th^. due respect

TO THE HONBLE. JOSEPH COLLET ESQR.
PRESIDT. & GOVT. OF FORT ST. GEORGE &CT. COUNCIL.

HONBLE. SR. &CT.

As ye. have been pleas'd to order me to get my ship in a readyness to receive the Honble. Comps. bales for Europe, I am to acquaint yo. that the iron Kintilage, which I have on board her will not be sufficient to make her sailworthy, and therefore

——*FORT ST. GEORGE, DECEMBER 1719*——

I request your Hon^{r}. &c^{t}. will be pleas'd to allow me five tons of reddwood, and fifteen tons of Salt Petre as an additionall kintlage, w^{ch}. will make her Stiff enô for the Sea.

I have further to add, That whereas your Hon^{r}. &c^{t}. have resolved not to send for pepper ashore to garble it, I am thereby likely to lose its opportunity of stowing away the Kintlage aforesaid in the proper place, and it is utterly impracticable to Shift my ship, and stow it as it ought to be done, while the pepper is all on board; Wherefore thô Yo^{r}. Hon^{r}. &c^{t}. have refus'd to send for the whole Quantity ashore, I must intreat the favour of y^{o}. to take some part of it out, that so I may have an opportunity of Shifting the rest, and stowing the bales and Kintlage underneath the pepper, without w^{ch}. the Ship will be too crank, & certainly in danger of over setting.

I leave the whole to Yo^{r}. Hon^{r}. &c^{ts}. serious consideration, and am

The Warehousekeep^{r}. reports that the Cap^{t}. of the Emelia having complain'd that 19 baggs of the pepper on board weighing 1661 pounds were damag'd he sent for [them] ashore, and garbled them, and found them to be sound and good [. . .] the[re] came out 1358 pounds of nett pepper, & 233 lb. of dust; He therefore desires the opinion of the board whether or no he shall reship the clean pepper without the dust, or shoot them both in y^{e}. bag together as they were before, which last is Agreed to because the dust will sell for more than the freight.

The Warehousekeep^{r}. reports Cap^{t}. Misenor complains y^{t}. 19 baggs of Pepp^{r}. were damag'd but when brot. ashore found to be sound.

desires to know, whether he shall reship y^{e}. clean pepp^{r}. [or] put dust & all into y^{e} Bagg. latter agreed to.
